DECEMBER, 2018-19**

Head Teacher Mr Madhukar Jha

Dear Parents, Family and Friends of OMK

"A new year has arrived and the possibilities are endless."

'HAPPY NEW YEAR'

To cultivate children with attributes that will help them flourish as good human beings is the supreme enterprise of any educational institution. They must be exposed to lessons that will catalyse their development. Here at OMK we have been perpetually working to meet the set targets and to be very honest, I feel very delighted that we are progressing towards the goals very briskly. Students are our assets and the crucial task of nation building lies on their shoulders.

The month of December was a very proportional blend of academics and activities. Where the students consciously appeared for the Post Mid Term Examination, to release their stress they also indulged themselves into a medley of activities. Further Grade 10 students were kept aloof from activities so that they do not encounter any distraction as they will be appearing for their Board Examination. With the above stated note, I present the report for the month of December.

TUMBLING FEET IN THE GREENS

Out of all the marvellous creations that adorn our world, the creation which tops the list is of the children. Children have the ability to pull out anyone from deep stress. Their innocence and smile are potent enough to shatter all illogical restrictions and barriers. The children are true treasure of any nation and it becomes very essential to bring about all round development in them. It is the children who will craft the fate of a nation.

To take a break from the academic schedule, the tinkling kids of Grade K2 went on an excursion to Sanjay Gandhi Jaivik Udyan on 06.12.2018. The excitement and the happiness of the kids that could be glanced on their faces, poised us. It was a great experience for them and they enjoyed a lot.

HEY MR. LION! HERE WE COME.

WINTERATURE - 2018

Literature is one such section in today's educational genres that is capable of establishing itself as the best companion. It can make up for anything that is lacking in your life to some extent. It proves to be a very loyal friend who has no complaints or demands. It provides warmth to those whose lives have transformed into a chilled bundle of relationships.

Keeping in mind the above stated note, the chilly winters shook hands with Literature and what protruded was 'WINTERATURE'. To render students an exposure to various oratory and literary skills that will also help paramount their literary capabilities, a two day literary festival called 'WINTERATURE' was organized on 27.12.2018 and 28.12.2018 for the students of Grades 1 to 9. Activities such as Poem Recitation, Debate Competition and Speech Contest were organised. Discussions/Lectures on various aspects of Literature were also a constituent. More than 100 students across the mentioned grades participated in the various competitions. The festival proved to be one of a kind and left the premises overwhelmed with the un-parallel literary discussions.

K2 SPORTS DAY - 2018

Games and sports are one of those needs that cater the development of the children roundabout. After a particular span of academic schedule, children should be encouraged to engage themselves in sports activities. It is aptly stated that the best place to exhaust all your extra energy is in the playground.

It was undoubtedly an occasion of extreme mirth and gaiety for our K2 students as they actively put up their participation jerseys and hit the playground with full energy. The slow and careful steps they took depicted their indulgence in the activities organized during the Annual Sports Day of K2 on 28.12.2018. It was a time of rejuvenation, filled with fun and frolic for them as they took part in the running race, frog race, chocolate race, balloon race and bag pack race.

WE RAN!

WE STUMBLED!

WE WON!

SPELL BEE COMPETITION - 2018

A swarm of bees scares everyone but a swarm of spelling bees seems quite entertaining and enjoyable to play with.

After various screening tests at school and district level, two students of OMK qualified for the Spell Bee Contest at the national level organised in Kolkata. We feel immensely delectable in announcing their achievements.

From Grade 8, Shaily Pandey secured the 28th position in the country.
From Grade 7, Soumya Sinha secured the 36th position in the country.

Congratulations to both!!

HINDI/SANSKRIT DIWAS CELEBRATION-2018

THE OMKITES AWARDED

In association with Rachna Sagar Publications, OMK celebrated Hindi/Sanskrit Diwas in its premises with great joy and happiness. Various activities such as Poem Recitation, Slogan Writing , Shloka Recitation, Drawing Competition etc were organised. About 100 students from Grades 1 to 8 participated in above stated competitions. Our OMKites and Hindi/Sanskrit Department were felicitated with certificates and gifts.

The biggest contentment for anyone is when he/she achieves his/her self- set targets. The image that clears itself beyond the horizon after the accomplishment of the task greets one with the joy of succeeding. At OMK we are emphatically working to bring about all necessary tasks into action that will help our Alma Mater rise to unfathomable height.

TEACHERS OF THE MONTH

1. SHAMMY SINHA

2. MOHINI KUMARI (INFIRMARY)

UPCOMING EVENTS

1. REPUBLIC DAY CELEBRATION

We hope to mark new milestones in the nearing future while walking hand in hand!!

A TRIBUTE TO OUR PATRON- MAA SHARDA

"She is still there!"

"Goodbyes are for those who aren't to be remembered. It doesn't relate to all. For those who exist in the heart are not bid farewell."

The four seasons took a complete 360 degree turn and made us stand on the same dark day (24.12.2018) when our lovable and humble patron, Maa Sharda departed from this materialistic world for a journey to the heavenly abode. She had been a perennial source of guidance for each one of us and will always be. A special assembly on her first 'Punya Tithi' was conducted by OMKites in her remembrance in Sharda Auditorium . Family members of the divine soul paid their homage. Imitating her kind gestures, our Directors distributed blankets among the poor around the city. The hands of the poor children were adorned with stationery. The sacred day finally came to a conclusion by a speech given by the Principal highlighting the achievements and contributions of Maa Sharda.
