

OPEN MINDS
A BIRLA SCHOOL
KANKARBAGH

NEWSLETTER **OCTOBER**

Session : 2021-22

From the Principal's Desk

Dear OMK Family

Greetings!

We go through several life transitions, different situations, and possibly various phases before we finally find our true calling. The key is that we must be persistent and determined to be successful. Open Minds A Birla school, will always be there if you need support, guidance, or just an embrace.

One of the biggest challenges in life is learning to accept for who we truly are. Once we realize that our expectations can change people, the environment takes a good turn. The problem will arise but we need to materialize our expectations and focus on our goals. If we find that we are going out of your way much more, then it may be time to make some positive noise of happiness.

Open Minds has always fronted every quagmire and engendered new ideas to create a chuffed environment for all our members. In the desperate times many students were initially unable to hold on to the new normal. We extrapolated the need and tried to catalyze and cogitate on every individual need.

We are gratified that the dark shades are repainted with the halcyon days. This has brought a significant positive change in this academic session. We were locked in a chamber of echoes that demanded to be freed from all chains and express individualism.

The school has designed varied activities the previous month to bring out the hidden creativity among our students. Every individual has crafted the chimera of beautiful colors and words. We could find the beatitude in every eye while they brought out their imaginations which had been battened as COVID had grown into a tinderbox in every country.

We bring to you the newsletter for the month of October. Happy reading!

Principal

Mrs. Reshma Singh

THE VIGILANCE AWARENESS WEEK

The school observed the 'Vigilance Awareness Week' from 26th October to 1st November in the memory of Sardar Vallabhai Patel. Corruption undermines political development, democracy, economic development, the environment, people's health and much more. It is therefore imperative that the all must be sensitized and motivated towards efforts at weeding out corruption.

It is important to educate our children today to fight against corruption and to raise public awareness regarding the existence, causes and gravity of the threat posed by corruption. A multifariousness of activities was held across all grades to generate awareness about the ill effects of corruption.

Oath taken by Grade XI Delta students on "Vigilance awareness."

What we think, we become.

WORLD TEACHER'S DAY

On 5th October a bodacious celebration was crafted in adulation to the unwavering efforts put up by teachers at every step. Students narrated speech, presented songs and spoke out quotes of love and respect for our teachers.

Every moment is a fresh beginning.

ASSEMBLY

Assemblies provide a tremendous opportunity for communication between the young minds and their teachers. They, somewhere, become a tool for creative expression as the students get a chance to use and display their hidden potential before an audience and hone their oratorical skills.

After months, the school could organize assemblies offline, and the excitement was palpable on every face participating. The joy radiated around like a thousand lights have come on.

The time is always right to do what is right

THE PARENT TEACHER MEET

The very word 'school' refers to the combination of three parties – the children, their parents and the teachers. The system thrives on the possibility of regular communication among these three. It ensures effective grooming of the young learners. PTMs provide the much needed stage for such a communication. We had conducted a meet between the parents and teachers across all grades in the premises of the Shool : This strengthens the bond of communication among all the three parties.

May your choices reflect your hopes not your fears.

*“Keep your face
to the sunshine and
you cannot see
a shadow.”*

- Helen Keller

**STAY HOME,
STAY SAFE!**

COVID-19
