DECEMBER - JANUARY

Session : 2022-23

From

The Principal's Desk

Mrs. Reshma Singh

Winter in school calendar denotes onset of the exam season. Students gird up their loins and get into the exam mode. Teachers roll up their sleeves to initiate the revision process. It's like the giant ship is gearing up to dock into the harbour - its final destinations; the anchors are to be downed. All eyes on it, all faces expectantly look at the culmination of the academic yajna.

We gathered in the month of December 2022, to conduct the Annual Function, motivating and inspiring the young minds, and showcasing their talent. We appreciate your assistance and encouragement to make the Annual Function a success. We are grateful to you for believing in us and being a mentor to your child.

We extend our gratitude to all the teachers who shaped our students of OMK to find right way, to adequately express their talent. This positive vibes wouldn't have come out with vibrant colours, if you've not provided varied ways to bring out the inner knack of our students.

The year had bygone with a sizzling performance of the students in the annual programme, with a lot of grit and enthrall. We thank the true values and effort put by the children to attain a flawless event.

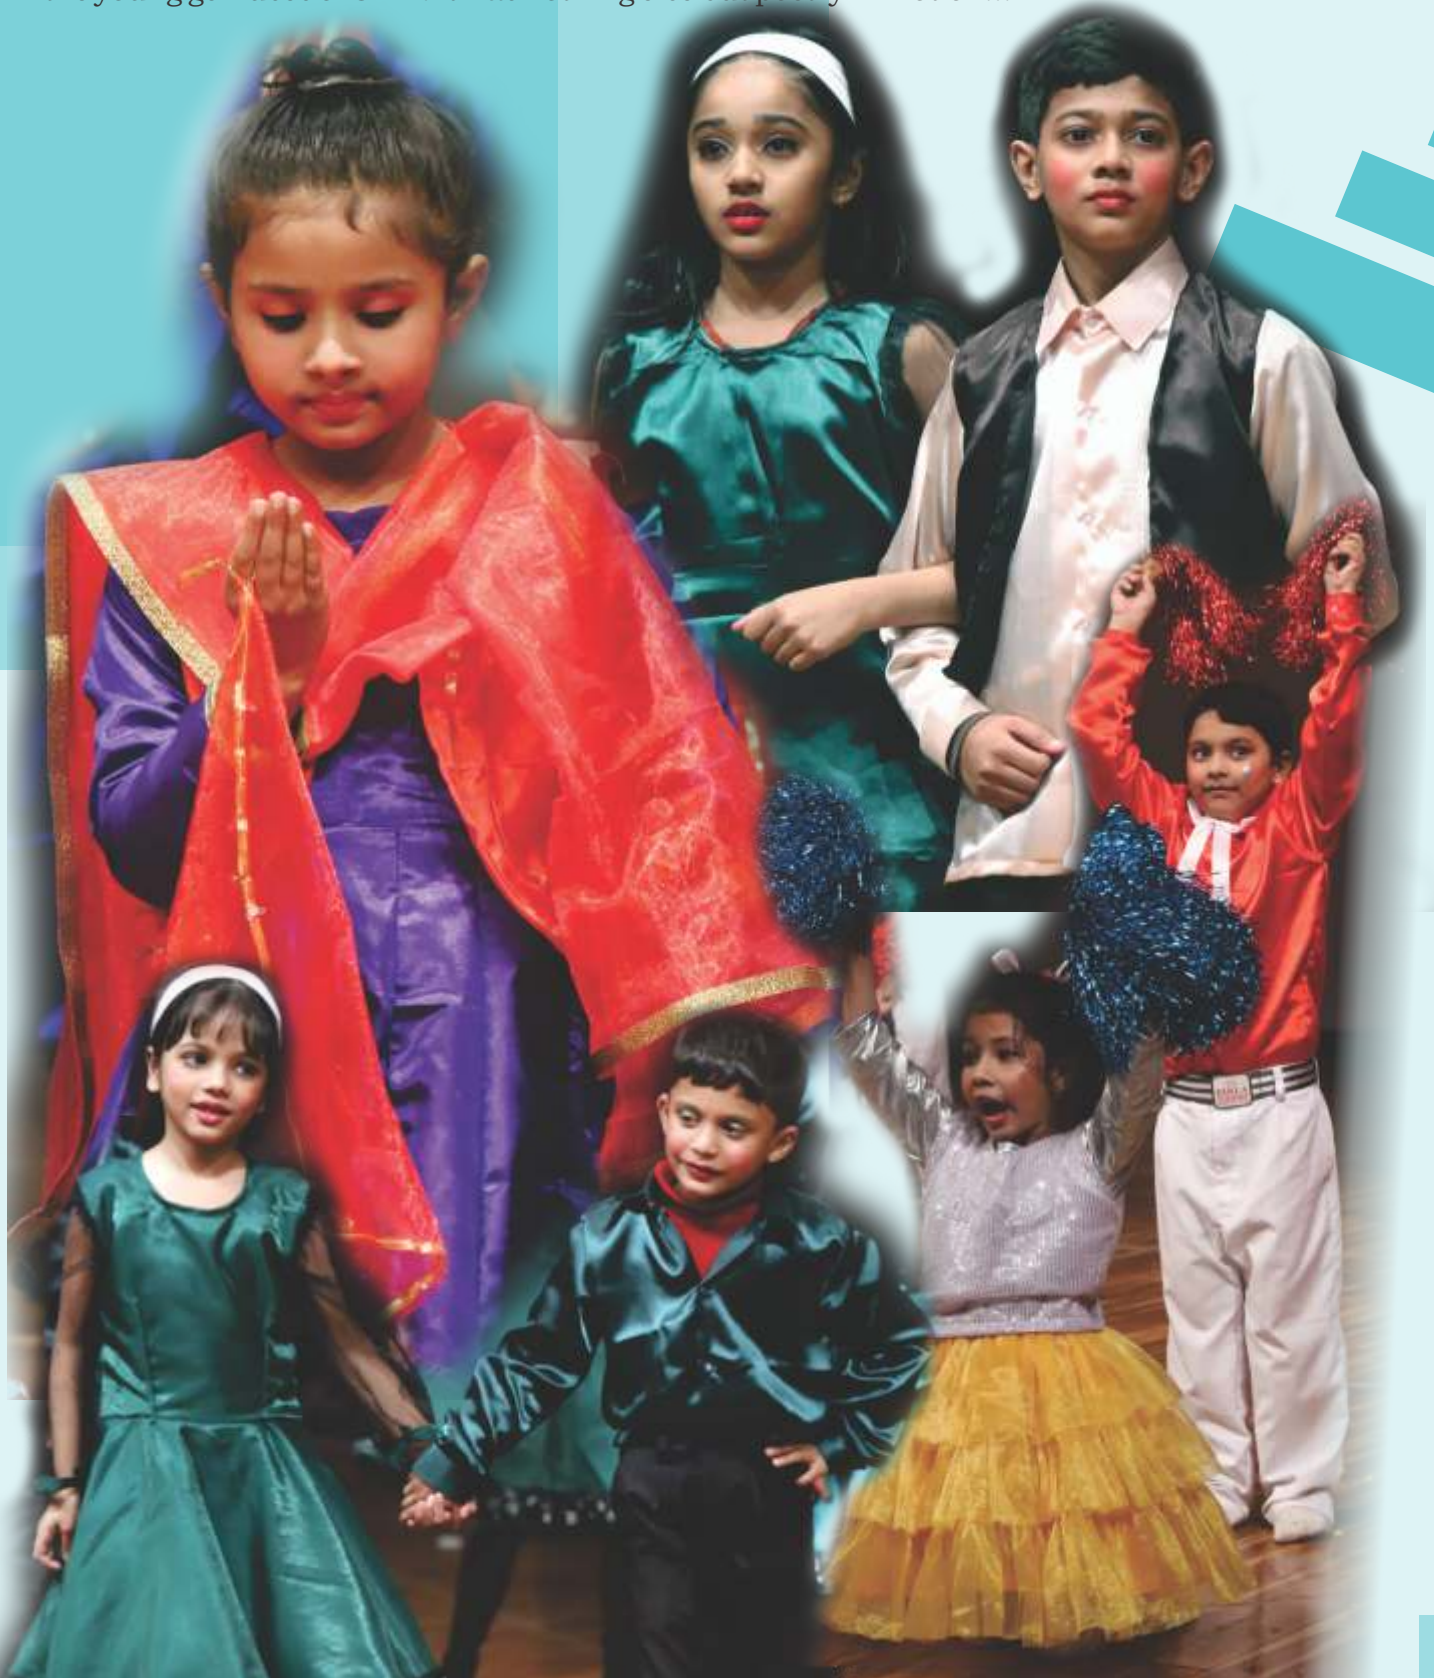

Ultimately, it is not the destination but the journey which brings fulfilment in one's life. Therefore, let this sojourn continue. Let us keep walking on the path to magnificence and bliss.

I wish all the readers of the newsletter a happy reading!

Happy Reading!

Annual Function 2022-23

Annual functions are beautiful ways to celebrate the spirit of creativity and learning. It is the time when students pour their heart out in expressing all the hues of life they possess. This year on 30 December, the Bapu Sabhagar became a witness to the creative extravaganza realized by the young geniuses of OMK. It was nothing else but poetry in motion...

The future belongs to those who believe in the beauty of their dreams.

The Powerful Youth

It's not about being better than someone else,
it's about being better than you were the day before.

The Ramp Walk

Just keep walking with confidence.

The Art of Nature's Rythm

Music is the universal language of mankind.

The Strength of the Divine

Dance from your heart and let your passion shine through.

Fusion Between The West & The East

One step, two steps, three steps; like winds of time experience joy of centuries, when movements become revelations of the dance of destinies.

The Anchors

What we say is important...
As words have incredible power.

The Ramp Walk

Life is a fashion show, the world is your runway.

The Art Integrated Project

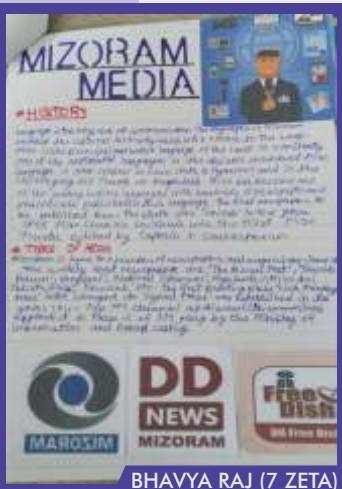

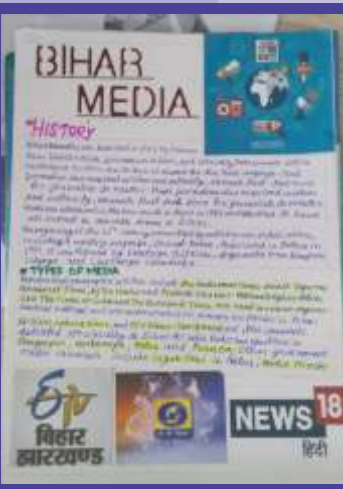

"Art is unquestionably one of the purest and highest elements in human happiness. It trains the mind through the eye, and the eye through the mind. As the sun colours flowers, so does art colour life."*

— John Lubbock

Arts education is one of the most promethean ways to find the gold that is buried just beneath the surface. Art Integrated Project enkindle in children a spark of artistry, and vivid imaginations and prepares them to become confident personalities.

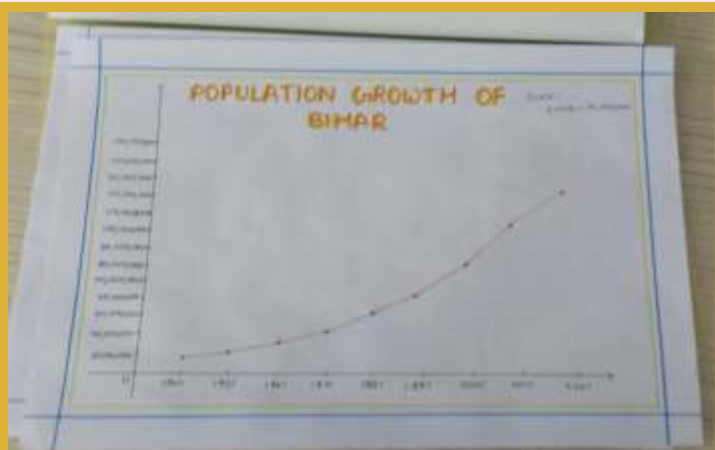

AIP is an essential element of education that unlocks profound human understanding and accomplishment.

We this grail, the school in communion with the CBSE administered the Art Integrated Project across all Grades and the children wondrously logged their beneficence.

BHAVYA RAJ (7 ZETA)

ABHIMANYU VERMA (8 DELTA)

SHREYA JHA (10 IOTA)

All our dreams can come true, if we have the courage to pursue them.

Celebrating the essence of Republic Day

"Faith is the bird that feels the light when the dawn is still dark."*

- Rabindranath Tagore

A man's country is not a certain area of land, of mountains and woods, but it is a principle – and Patriotism is loyalty to that principle.

Open Minds celebrated the __th Republic Day with a lot of zeal and vigour where our students put up a short and soul-stirring presentation that filled everyone with pride for the rich and diverse gifts of the Almighty that our motherland is blessed with.

We generally tend to think of freedom as an emancipatory ideal but true freedom is not about enjoying democracy; it consists in the responsibilities one has to undertake in one's personal life too.

Freedom can be well expressed if we as an individual, be it any role that we play, perform our duties in the best way we can.

Reminiscing the deep insights and enlightening visions of Indian sages will help us discern the real significance of freedom.

So at Open Minds, we accentuated the belief into every singular of creating a nation where each and every individual realises the accountability of holding a citizenship and act accordingly so that we together can contribute to our country's progress.

Freedom in the mind, faith in the words, Pride in our souls...
Let's Salute the Nation.

A Tribute to the Democratic Nation

Long Live India, Long Live the Indians and Long Live the Republic.

Pre-boards 2022-23

Semi-finals are no less important than the finals in a tournament. They provide the contestants the precious opportunity to hone their skills and stances, test their toughness and plug their loopholes. The pre-boards serve the same purpose. They provide the students a long-awaited chance to test their strength and fortify their defences for the final fight which are the boards.

The school, as is the academic tradition, conducted two Pre-board exams in December 2022 and January 2023 consecutively. The pupils welcomed these tests with sportive spirit with their eyes set on the finale.

Climbing to the top demands strength, whether it is to the top of Mount Everest or to the top of your career.

The laurels of SOF

It is the hard work and determination that contributes how far you might raise. At some point you're about to stumble but if you're constantly doing what we do – constantly pushing yourself higher, higher, finally to we are able to climb the top most step. The law of averages, not to mention the myth of Icarus, predicts that you will at some point fall. We have to remember this, there is no such thing as failure. Failure is just life trying to move us in another direction. It gives me immense pleasure to share with you our students' insignias on SOF. They stood up high vying their opponents at the district level.

All the roads of persistent practice lead to the land of perfection.

Frolics of K2

There is always a requirement for a boost among the students so that they can participate in varied activities. These activities help in developing the work ethics, and enriches the personality of the students. Our K2 scholars are filled with moxie and élan, we brought them out by conducting sports day.

Sports play an important role in shaping the life of every child.

The Enthusiastic Younglings

Live like a champion. Play, be active and enjoy.

Pariksha Pe Charcha

Pariksha Pe Charcha is an annual event held every year since 2018. During the event the Prime Minister of India interacts with students, teachers and parents across the country, and shares valuable tips on how to take board and entrance exams in a relaxed and stress free manner. We enhanced our students', showing them the live show of the Pariksha Pe Charcha 2022, helping to minimize stress to the least.

An examination should be viewed as an opportunity, not a life-changing event.

Alacrity to Create Art Forms

An activity on the occasion of Republic Day was held in the school. Students with much zeal and zest has articulated their soft boards with varied messages giving tribute to the nation.

Imagination creates reality.
