NEWSLETTER MARCH

Session : 2022-23

**From
The Principal's Desk
Mrs. Reshma Singh**

Greetings!

"What we call the beginning is often the end. And to make an end is to make a beginning. The end is where we start from."

Dear Parents

Every academic year is like a new epoch in everyone's life. Be it a student, a teacher, a parent or the chief functionaries of an organisation, everyone tries to give his/her best to make the year get crowned with progressing rewards.

Adversities, irrefutably are a part of human life. Had the humans not encountered challenges, the world we live in would not have been as glorious as it is. Adversities indeed make us realize our real capabilities. In the years that have passed, human life was at a threat, we suffered losses that would never be regained but we also assimilated lessons that we will never forget.

Long gone are the days when mortals were petrified to intercede out of their protective sheathe. But now the undaunting spirit of humanity is set to unfold new pathways widening its horizon.

The academic year 2022-23 has been conspicuous for the complete OMK fraternity. The young learners across all Grades were not untouched with the challenges of overcoming the academic goals. Few succeeded and few were still striving hard to succeed and with time they evinced that hardwork spotlights the character of a singular and so the OMKITES moulded their dispositions. Open Minds believes that the children of today are gearing up to become adult citizens of tomorrow and we stimulate curiosity in the young, impressionable minds and equip them with tools to be better human beings.

We also adore the beneficence of our benign guardians who perpetually extended their admonition and assistance since its inception that the organisation observed a momentous event of completing a decade of service in the town. We earnestly concede the glory, we jointly ushered in bringing forth our software, Eduletics that became an indispensable part in every Omkitian's life.

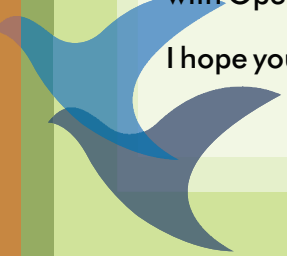

This year has indeed been very significant as we all witnessed the Annual Celebration based on the theme "Eduletics - Hamari Prapti". Amidst all struggles the event stood out to be fantastically great.

Also, the K2 Graduation Ceremony marked the culmination of the year 2022 - 23. The reminisces shared by the K2 graduates displayed an innate feeling of pride and accomplishment for both the teachers and the parents. To see our coy children transform into confident, intelligent and disciplined individuals is what we look forward to in our rising generation.

As the final days for this term draw to a close, we would like to acknowledge the efforts made by many of our students, staff and parents in the Open Minds community during the course of this year. We would also like to express our gratitude to all the parents for their generous support throughout the year at various events.

We wish you all the very best for a bright educational journey and a prosperous future with Open Minds .

I hope you enjoy reading the last newsletter of this session 2022 - 23!

"Books are a uniquely portable magic."

THE ANNUAL BOOKFEST

Books are the storehouse of information. They are the anchors of civilizational progress. The collective wisdom of the distinguished people from all the ages find shelter in them. Therefore, they hold an eminent position in academics.

Like always, the new session at OMK began with parents of newly admitted as well as old students coming to collect books at the school premises. And it was a joy to see the students enthusiastically taking them out of their bags at the outset of each and every period. After all, children do love new books, don't they?

A book is a gift you can open again and again.

A Coalescence of the Parents and Teachers for a dazzling future!

The best friend of someone's academic journey is examination. These two are totally inextricable. To get along with the academics, examinations knock the door quite often and infuse a blend of feelings.

FINAL TERM PTM

The Final Term PTM (Session 2022-23) was held in the school premises. The day was a busy one as parents thronged the campus, awaiting their chance to glance their ward's results. The overall results of the school was splendid and the parents were very satisfied with the performance. The day ended on a very good note as the students were wished 'Good Luck' for the upcoming session.

'A teacher gives, a teacher shares, but most of all a teacher cares.'

'Children are great imitators so give them something great to imitate.'

'Children need their parents' presence more than their presents.
