# HONOURING THE LIFE OF A BRIGHT SOUL...

## SHRI RAM LAYAK SINGH

06<sup>th</sup> December 1939 - 10<sup>th</sup> April 2024

We are honored to announce that our esteemed auditorium has been named Shri Ram Layak Auditorium in loving memory of our cherished patron, Shri Ram Layak Singh, who sadly departed from us on April 10, 2024. This gesture is a tribute to his enduring legacy and indelible impact on our institution.

## PRINCIPAL'S MESSAGE

"Dear Readers

We are thrilled to welcome you back after a considerable hiatus. Though the swift pace of life often limits our connections, it is ever delightful to reconnect with our cherished family through these monthly editions.

It is indeed accurate to say that young minds evolve daily, emerging more refined each new day compared to the one before. We observed this progression vividly as our students returned to school with a renewed vigor, exuding confidence and a strong commitment to learning and growth.

As the academic year advances, so do our academic pursuits. With the Mid Term underway, preparations for the first Parent-Teacher Meeting of the 2024-25 academic year began in earnest. We also deeply honor the dedication of our parents who visited the school to discuss academic concerns, enabling us to tailor our strategies effectively to meet the students' needs.

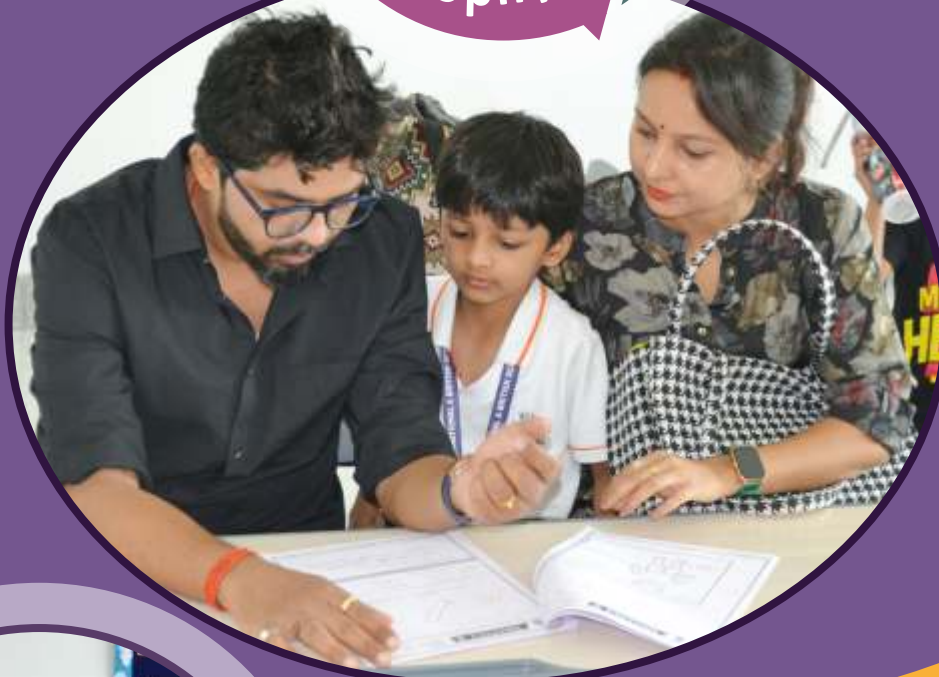

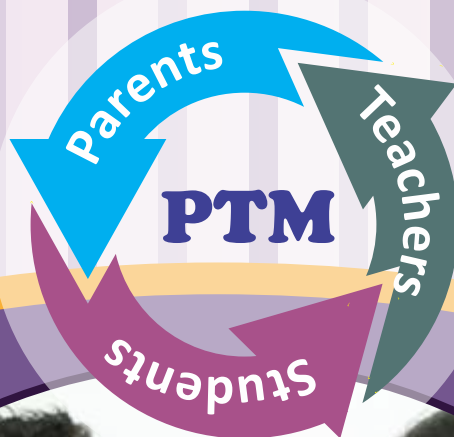

We are delighted to announce that our Club Activities, expertly curated by our distinguished coaches, are progressively taking shape. What brings us the greatest joy is witnessing the enthusiastic anticipation in our students' faces. Their fervor for their chosen clubs is palpable, even in the midst of the current swelter. Our coaches are equally committed, uncovering each student's latent talents and strategically honing their skills, preparing them to seize any forthcoming opportunities to represent us at the national level.

We deeply value the expectations parents have regarding supplementary support for students encountering difficulties in keeping pace with their academic endeavors during regular classes. To address this need and elevate their scholastic performance, we have instituted enrichment sessions for these students beyond regular school hours. For over a month now, these additional classes have been in effect, and we eagerly anticipate observing the remarkable improvement in their scores in the forthcoming examinations.

With the aim of cultivating public speaking prowess among our students, the school meticulously devised a comprehensive plan, ensuring every class and each student had the opportunity to lead the morning assembly followed by a presentation. To our delight, the students emerged triumphantly, delivering flickering yet confident speeches that marked the beginning of their journey towards becoming fluent orators of the future. The grade level was inconsequential; what truly mattered was their enthusiasm to improve and strive further, allowing us to proudly designate them as **Eduleticians**.

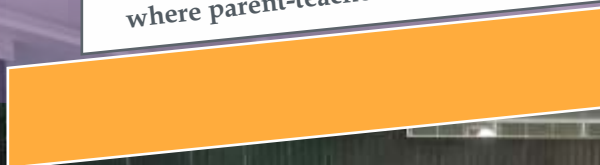

As we approach the Mid Term Examinations, we have orchestrated a series of Practice Tests across all subjects to ensure that students are not overwhelmed by the syllabus before the exams. In conclusion, we urge all our associated families to recognize that while school education is pivotal in achieving academic success, continuous guidance and support are essential for nurturing our students into not only talented individuals but also virtuous human beings.

With an expectation that our parents will guide their wards for the Mid-Term Examinations, we wish you an enriching reading experience!

The school academic year comprises assessments designed to evaluate students' comprehension, providing teachers with crucial data to gauge academic proficiency. After successfully completing the first term, the school had the honor of hosting the parent-teacher meeting on June 29, 2024. Parents, accompanied by their children, eagerly arrived at the school to view the results. From the reception area to the corridors, the vibrant display of student projects and creative artwork captivated everyone's attention. The allure was so compelling that parents couldn't resist pausing to admire the exhibits. Moreover, the meeting served as a valuable platform for parents to voice their opinions and expectations, potentially influencing the future growth of the institution. Overall, the experience was wonderful, allowing the school to better understand the specific needs of its students.

"At PTM, we share the glow, where parent-teacher bonds do grow."

# The Recitation of School

On July 9th, 2024, the school walls resonated with the enchanting recitation of Sanskrit shlokas by the students. Their captivating chants not only enthralled the audience but also demonstrated a profound understanding of the verses, as they eloquently articulated their meanings. This harmonious blend of melody and comprehension left an indelible impression on all who listened.

**GRADE  
7 DELTA**

*"In rhythmic Sanskrit's ancient tongue,  
Truths unfold, where hearts are young."*

# The Assembly

*"Sanskrit shlokas, timeless and pure,  
Poetry of wisdom, soul's allure."*

## GRADE 6 DELTA

# Climat change

Climate change, once a distant concern, is now an undeniable reality, evident in the air we breathe and the land we tread. The delicate balance of our planet's climate system is unraveling at an alarming rate due to human activities. Our Grade 6 students showcased an impressive array of projects addressing this urgent issue. These young environmentalists inspired everyone with their innovative ideas and passionate calls for change, demonstrating that small actions can make a big difference in fighting climate change.

*"Climate change is not a distant threat but a present reality demanding our immediate action and collective resolve."*

# The Assembly

"Our response to climate change will define our legacy.  
Let us act with courage and conviction to create a thriving, sustainable world."

# GRADE 6 OMEGA

## Role of **DISCIPLINE**

In today's world, brimming with challenges, establishing oneself is increasingly arduous. However, when an individual embodies the virtues of honesty and discipline, destiny readily unlocks the doors to achievement and success. That was the essence of today's presentation. The students of Grade 6 Omega significantly conveyed their insightful views on discipline and its vital role in shaping an individual's life.

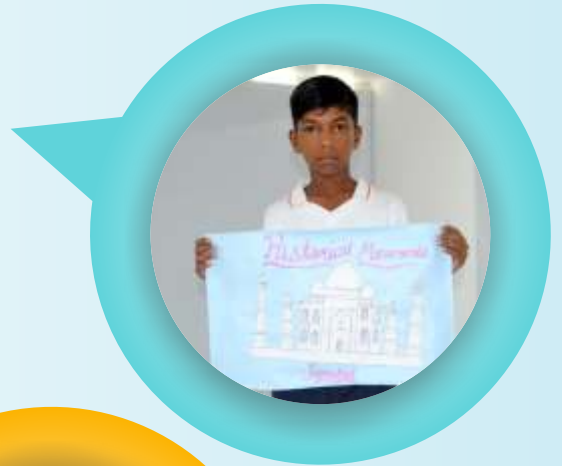

*"Discipline shapes the path we tread,  
guiding us towards success ahead."*

# The Assembly

"Discipline paves the road to win, where hard work and goals begin."

# Historical Monuments of BHARAT

*"In India's grand embrace, monuments stand tall,  
Echoing the stories of history's call."*

The presentation on "Historical Monuments of Bharat," crafted by the students of Grade 5 Delta, was a captivating journey through India's architectural and cultural splendor. The students deftly explored the timeless elegance of landmarks such as the Taj Mahal, the Red Fort, and the Qutub Minar, showcasing their historical significance and intricate artistry. Their engaging narrative not only highlighted these monuments as emblems of India's rich heritage but also revealed their profound role in reflecting the nation's diverse legacy and enduring grandeur.

## GRADE 5 DELTA

"With every ancient stone, a legacy shines bright,  
India's monuments capture the past in their light."

# MY TEACHERS

Teachers, with resolute dedication and unmatched efficiency, undertake one of the most significant responsibilities known to society—the task of nurturing and shaping future generations. This noble profession demands not just the dissemination of knowledge but the cultivation of values, self-worth, and confidence in young minds. Every teacher, regardless of the subject they teach, steps into the classroom with a singular mission: to mold students into capable and compassionate individuals. In a sincere tribute to their mentors, the students of Grade 4 Delta graced the stage, embodying the very essence of what it means to be a teacher. With meticulous preparation and moving performances, they illustrated the profound impact that educators have on their lives. Their presentation was not just an acknowledgment of academic guidance but a celebration of the moral and ethical foundations that teachers instill in their students.

## GRADE 4 DELTA

**"Teachers plant the seeds of might, nurturing futures with their light."**

*"In the grand journey of our lives, teachers stand as guiding lights, imparting wisdom with endless care, and helping us rise to wondrous heights."*

# GRADE 3 DELTA

## Different mode of

## Transportation

When classroom lessons become the heart of a presentation, students find joy in learning. This was brilliantly showcased by the students of Grade 3 Delta during their inspiring assembly on Different Means of Transport. With fervor and enthusiasm, they explored various modes of transportation and eloquently discussed their benefits. Their ability to personify different transports was both engaging and enlightening, ensuring the audience grasped the essence of their message. What truly captivated everyone was their endearing mix of tentative yet confident delivery, which held the audience's attention throughout the assembly.

"From cars that race to bikes that glide, Trains that chug and planes that fly high, Boats on waves and journeys wide, Each transport takes us far and wide."

# The Assembly

*"Boats sail smooth and cars rush fast,  
Bikes and trains make journeys last."*

# TREES

AROUND US

## GRADE 2 DELTA

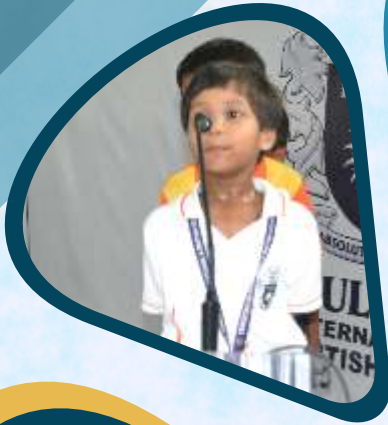

In our rapidly growing world, where the human population is swelling, we face a stark reality: as birth rates rise, the number of trees has been dwindling for decades. Trees are not merely a part of our landscape; they are vital to our survival. The students of Grade 2 Delta, through their remarkable presentation, offered a stirring reminder of past errors and underscored the urgent need to restore and safeguard these vital pillars of life.

"Trees are the lungs of the Earth,  
purifying the air and giving fresh strength to our people."

# The Assembly

"Under the tree, we feel so free,  
in its shade, we find glee."

# Good Manners

## GRADE 1 OMEGA

Witnessing toddlers grow and acquire essential life skills focuses the wisdom of parents' decision to enroll their children in school. The young students of Grade 1 Omega captivated everyone's hearts with their appealing speeches on Good Manners. Their presentation was a delightful fusion of youthful charm and deep wisdom, beautifully highlighting the fundamental values of respect, kindness, and courtesy. Additionally, their action dance emerged as the highlight of the day, enchanting everyone with its vibrant energy and grace.

"Respect and kindness pave the way,  
With good manners, we brighten each day."

*"Kind words and actions make hearts grow fonder,  
With good manners, we all grow stronger."*

## GRADE 1 DELTA

# Assembly on PTM

It is undeniable that our behavior often mirrors the actions of those around us. This was vividly demonstrated by the students of Grade 1 Delta, who skillfully embodied the roles of parents and teachers in their meticulously organized Parent-Teacher Meeting. Their poised yet expressive delivery infused their speeches with a melodious charm, entralling the audience and compelling them to listen with deep admiration.

"Together we'll guide, through ups and downs,  
For every child, we wear these crowns."

# The Assembly

When parents and teachers share the light,  
The future of our children is always bright."

# K2 PHONICS

An ordinary day turned extraordinary as the youngest students took the stage for the morning rituals. Their presentation on phonics was nothing short of heartwarming and enchanting, mesmerizing the audience with their delightful exploration of letter sounds. Each child confidently stepped into the spotlight, proudly showcasing their chosen letter and creatively expressing its unique sound. From the vibrant "A" for apple to the zesty "Z" for zebra, they exhibited their growing literacy skills with infectious enthusiasm and charm. Their clear articulation and animated gestures brought each letter to life, transforming the assembly into an educational and magical experience. The joy and dedication of these young presenters were palpable, making the session both memorable and inspiring for everyone in attendance.

"Phonics makes learning fun, reading battles can be won."

# The Assembly

"With phonics, words take flight,  
into the world of reading light."

# THE PARLIAMENT

In an insightful assembly presentation, the students expertly explained the workings of the Indian Parliament and introduced various cabinet ministers. Their commitment and hard work were evident as they detailed the roles of the Lok Sabha and Rajya Sabha, illustrating how laws are made, debated, and passed. Engaging narratives and visuals helped capture the essence of parliamentary proceedings. The highlight of the presentation was the introduction of the different cabinet ministers. Each student, with genuine sincerity, described the responsibilities and contributions of these key figures, revealing thorough research and enthusiasm. Their articulate speeches and well-rehearsed performances reflected a deep understanding of the subject, leaving the audience with a strong appreciation for the Indian Parliament and its leaders.

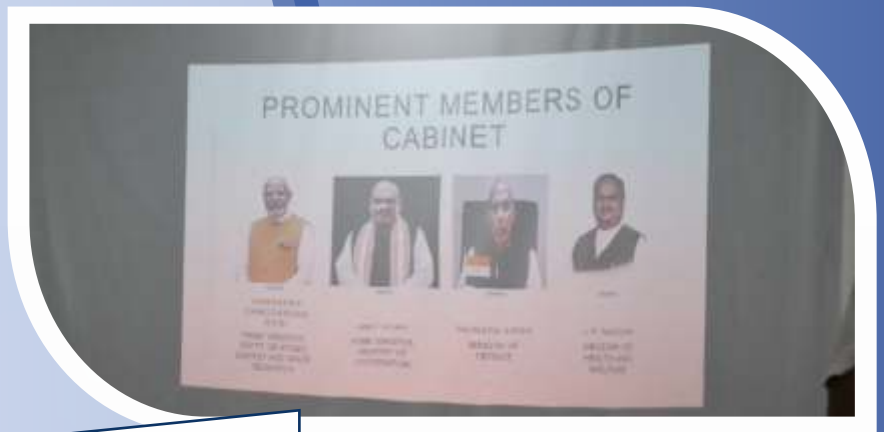

## GRADE 8 DELTA

"Parliament stands as democracy's heart,  
where every law gets its start."

# The Assembly

"Where the people's voices find their way,  
in Parliament, they have their say."

# PRACTICE TEST

Aiming to have a better preparation for the Mid-Term Exam, we have initiated practice test on 15<sup>th</sup> of July and will be concluded on 12<sup>th</sup> of August.

*"Each practice test is a chance to improve, so embrace the challenge and use it to grow."*

# EDULETICS CLUB

**Pottery**

*"Whether indoors or outdoors we play,  
we grow and learn along the way."*

**Basketball**

**Football**

**Kabaddi**

**Cricket**

# EDULETICS CLUB
