PRINCIPAL'S MESSAGE

Dear Readers
Greetings!

We extend our deepest gratitude to all the parents for their resolute dedication and invaluable contributions to our institution's growth. As we arrive at the year's poised midpoint, we recognize that this milestone has been achieved through your unshakeable patronage and unflagging commitment.

At Eduletics, our aspiration is to cultivate individuals who possess the confidence to articulate their thoughts spontaneously, without prior preparation. Over the past months, we have embarked on a pivotal journey, shaping our students to uphold the values and prestige of our institution with pride and poise.

This endeavor began with classes presenting on diverse topics during the morning assembly. It was merely the first step, but one could hardly imagine a more promising start. Students who had never spoken publicly before emerged as confident presenters before the entire school. Though some faltered and others spoke with grace, what truly matters is their tenacity in surmounting challenges. This unrelenting resolve lights the path to a brilliant future.

This was just one facet of a child's development. Equally important is their academic growth, the bedrock upon which countless future opportunities are built. To strengthen this foundation, the school introduced Extra Classes for all students across every grade, providing tailored academic support to enhance their classroom performance. This initiative has proven to be remarkably effective, as students who were once reserved have now begun actively engaging in class discussions. We are confident that their academic journey with us will empower them to reach great heights.

Recognizing our students' keen interest in Robotics and Swimming, we are delighted to announce the launch of these clubs starting from the Post Mid Term. Additionally, this year, the school is prepared to host the Sports Meet (2024-2025) for the entire school by year's end. As the academic year draws to a close, it promises to present our students with a wealth of opportunities. We eagerly anticipate the boundless joy on their faces, knowing that the exhilaration they find in these activities will also invigorate their academic pursuits.

As August draws to a close, we too are concluding the Mid Term. With optimism that our students have excelled in their Mid Term examinations, we eagerly anticipate the upcoming Parent-Teacher Meet. We extend our heartfelt gratitude for your invaluable role in shaping our children's educational journey. Your guidance and support are indispensable, and each interaction reaffirms our appreciation for being united with a community dedicated to a common goal.

May your reading experience be delightful!

(Team EBS)

Tree Plantation Drive

Instilling a deep respect for Mother Nature in young minds is crucial from the very beginning of their journey in this world. Recognizing this, the students of Grade K2 set out on a meaningful pursuit to foster an environment where love and reverence for nature flourish.

With hearts full of enthusiasm, our little environmentalists participated in a Plantation Drive across the school community, planting saplings that symbolize the seeds of hope, responsibility, and a commitment to a more sustainable future.

The tiny hands with delicate fingers carefully cradled each sapling, incarnating a sense of responsibility well beyond their years. This drive served as a reminder that even the smallest hands can make a significant impact, and that the future of our world lies in nurturing both our children and our planet.

"Tiny hands plant trees so small, growing hopes that soon stand tall."

SPLASH

POOL

One of the most eagerly anticipated events was the recently organized Splash Pool activity, which filled the students with boundless joy as their eager little feet longed to step into the pool of freedom and delight. Their energy in the water was simply unparalleled. The radiant smiles, infectious cheer, and pure innocence illuminated their faces as they effortlessly synchronized with the rhythm of the music.

Throughout the activity, the students immersed themselves in every delightful moment, creating memories that were beautifully captured, ensuring that the joy of the day would linger in their hearts forever.

*"In the splash pool's sway, where laughter does play,
Tiny toes tap and water dances away."*

*"With splashes and smiles, we play all day,
In the cool pool, where joy finds its way."*

EDULETICS
INTERNATIONAL
A BRITISH SCHOOL

celebrating

Freedom for the soul is not just about the right to choose a government; it's about living in a world where safety and security are the foundation of our existence.

With this vision in mind, we at Eduletics International A British School celebrated the 78th Independence Day, where our students eagerly participated, ensuring the event's memorable impact.

78th

HAPPY
INDEPENDENCE DAY

A glimpse of the March Past revealed students delivering an extraordinary display, captivating the audience with their elegance as they saluted the National Flag following its hoisting. Their synchronized strides, orchestrated under the leader's command, amplified the event's solemnity. The atmosphere was charged with a profound sense of pride, infusing every individual with a deep respect for the nation.

The day became even more meaningful as skaters elegantly glided across the ramp, holding the national flag high. Their graceful display conveyed a deep and heartfelt tribute to our country.

"With every stride and flag held high, Students' March Past lifts hearts to the sky."

A rare and vibrant scene unfolded as the school fraternity adorned themselves in tri-color attire. These faces, draped in our national hues, stand as living symbols of the deep love we all hold for our country.

"In tri-color attire, the school gleams bright,
Faces of pride, a patriotic sight."

The anchors, the ones who lend their voices to grace the introduction of each stage act, are the true maestros of an event. Their poise and engaging presence set the perfect tone for a memorable occasion. Here, we glimpse a group of anchors who embraced the role with dedication on Independence Day.

**"With voices that sparkle and presence so grand,
Anchors guide the stage with a steady hand."**

The essence of our past never truly fades, as the moments we cherish continually renew themselves each year. Similarly, our Grade K2 students concluded the event with a remarkable portrayal of the nation's freedom fighters. Their expressive performances brought to life the spirit of Bhagat Singh and Jawaharlal Nehru, reflecting the bravery and vision of these historic figures. Their heartfelt salutes and earnest dedication underscored their deep respect for the courage and sacrifice of our national heroes.

"In the innocence of their youth, our K2 students brought the past to life, embodying the spirit of freedom with every step and salute."

With a breathtaking performance, the students masterfully illustrated the valor and dedication of Indian soldiers on the borders, crafting a moving and evocative tribute to their heroic sacrifice and resolute commitment.

"With every step and every sway, the dance on Independence Day brought to life our freedom's radiant display."

With a dazzling display of patriotism, students showcased their tricolor lunch, a culinary tribute that beautifully mirrored the flag's colors and the essence of Independence Day.

"In hues of green, white, and saffron bright,
our Independence lunch was a taste of delight."

Invention of **SCIENCE**

8
Delta

Science in schools is often regarded as one of the most fascinating subjects for those with a scientific mindset. Our school strives to ignite this passion among students by engaging them in topics that are best grasped through practical demonstrations. In line with this approach, the students of Grade 8 Delta led an assembly that showcased one of Newton's groundbreaking discoveries: Force.

The students skillfully introduced Newton and elucidated the various types of Forces. Their presentation captivated the audience, especially the younger students who were just beginning to explore the realm of Physics. To make the session even more engaging, the presenters organized a series of activities that vividly demonstrated balanced and unbalanced forces, as well as static, sliding, and rolling friction.

Overall, the assembly proved to be an enlightening experience. Please find a few highlights attached.

"When knowledge meets creativity, learning transforms from mere understanding to an unforgettable journey."

Story of

INDIA

7

Delta

"India is not just a tale of the past, but a story of enduring legacy and progress."

In a harmonious blend of past and present, Grade 7 Delta's recent assembly gracefully wove the melody of India's history, from the ancient echoes of the Indus Valley Civilization to the vibrant rhythms of the Gupta Empire. The students through their presentation celebrated India's rich heritage and progress, emphasizing its evolution into a leading democracy and economy.

The students, with their grace and eloquence, created an enchanting atmosphere that made their stage presence truly memorable. Their poised articulation and impressive delivery highlighted their role as skilled speakers. Please enjoy a few glimpses of their remarkable performance.

"The past shapes our present and inspires our future, reminding us that every era of history is a chapter in the grand story of our nation."

6 Delta

**"In the warmth of our greed, the Earth starts to weep,
A garden once vibrant, now restless in sleep."**

The Earth, once a tranquil and verdant sanctuary, now finds itself ensnared beneath a suffocating shroud of heat, meticulously spun from the strands of carbon emissions and deforestation. This pressing concern was vividly underscored by the students of 6 Delta, who, through their compelling presentation, awakened the audience to nature's quiet lament. The students, in their turn, accurately detailed the intense effects of global warming, imploring humanity to alter its course before the damage becomes irrevocable.

Global Warming

**"In the haze of our haste, the Earth starts to fade,
A garden of green, now cast into shade."**

6

Omega

Imaginary Lines

In the grand design of our world, where lines like latitude and longitude create our maps, the students of 6 Omega took center stage to unravel the mysteries of these imaginary threads. Their presentation in the morning assembly was a masterful display of how such invisible markers shape our understanding of the Earth. Through their use of vivid vocabulary and engaging explanations, they breathed life into concepts like the Equator and the Prime Meridian. Their dedication was evident not only in their articulate delivery but also in the inventive quiz they crafted, which captivated their peers and turned learning into a memorable experience. A few glimpses....

*"Through latitude's sweep and longitude's climb,
Imaginary lines map space and time."*

Wonders of the World

5 Delta

Amid the whispers of ancient glory, the Wonders of the World remain eternal symbols of human creativity and natural beauty. On the day of the presentation, the students of 5 Delta revived these iconic marvels with impressive clarity and grace. With dynamic fervor and sharp insight, they vividly showcased the Great Wall of China, the splendid Taj Mahal, and other wonders, demonstrating their heartfelt admiration for these global treasures. Here are a few glimpses.

"With vivid tales and passion bright,
These wonders spark the heart's delight."

BANK

a source of money saving

It was truly remarkable to witness the Grade 4 students' deep grasp of banking services, an area often perceived as complex. With their insightful yet accessible understanding, they elucidated one of life's fundamental principles: the importance of saving money. They demonstrated how banks provide an optimal solution for safeguarding and growing one's finances.

Their presentation delved into various account types and shed light on the array of both government and private banks operating in our country. Their presentation was outstanding, demonstrating their dedication and energy. Here are some key moments from their excellent efforts.

In banks, our money finds a home so sound,
Where interest builds, and fortunes are found."

Cultural Celebration

around the world

The young students of Grade 3 Delta graced the stage with an awe-inspiring presentation on "Cultural Celebrations Around the World," which beautifully conveyed the timeless message of communal harmony. Their performance was a shining example of the belief that true citizenship surpasses cultural or religious boundaries, as it is love that unites us all, regardless of our differences. Through their heartfelt portrayal, the students passionately encouraged everyone to embrace and celebrate festivals beyond their own faiths, nurturing a spirit of unity and shared joy. Here are a few glimpses of this remarkable presentation.

3
Delta

*"Bound by love, not by a name,
in unity, we're all the same."*

IMPORTANCE OF

AIRPORTS

2 Delta

The word "airport" instantly conjures images of flights soaring and landing, carrying passengers on their journeys across the world. The talented students of Grade 2 Delta brought this scene to life with their exceptional presentation of an airport experience. They skillfully illustrated the entire process, from the security checks to receiving boarding passes, highlighting the essential steps every passenger undergoes before taking flight. Their dedicated effort in depicting the roles of airport officials left an indelible impression on the audience. Here are a few beautifully captured moments from their performance.

*"Flying high with wings of grace,
each traveler finds their place."*

Domestic Animals

The morning was nothing short of enchanting as the very young children, with trembling feet and innocent smiles, stepped onto the stage to present the morning assembly. What made them truly remarkable were the whimsical paper cutouts they wore on their heads, each representing a beloved domestic animal. One by one, the students gracefully took their turn, eloquently describing the animals they embodied and mimicking their distinctive sounds. Their charm and melodious voices captivated the audience, leaving them mesmerized as the spirit of childhood was beautifully reimaged. Here are a few exquisite glimpses from this magical performance.

1
Delta

"With charming voices and playful grace, they turned the stage into a magical place."

Wild Animals

1
Omega

Wild animals, with their innate beauty, contribute to the grandeur of our planet, imbuing it with a remarkable vibrancy. Beneath their fierce exteriors lies a grace that enhances the landscape's splendor. Sadly, these magnificent creatures face grave threats due to habitat loss. The students of Grade 1 Omega delivered an exceptional presentation on wild animals, masterfully embodying their characters and passionately conveying the message that these animals, too, have a vital role in maintaining the balance of our ecosystem. The students' remarkable effort and delightful presence made their performance truly outstanding. Here are a few glimpses of their captivating presentation.

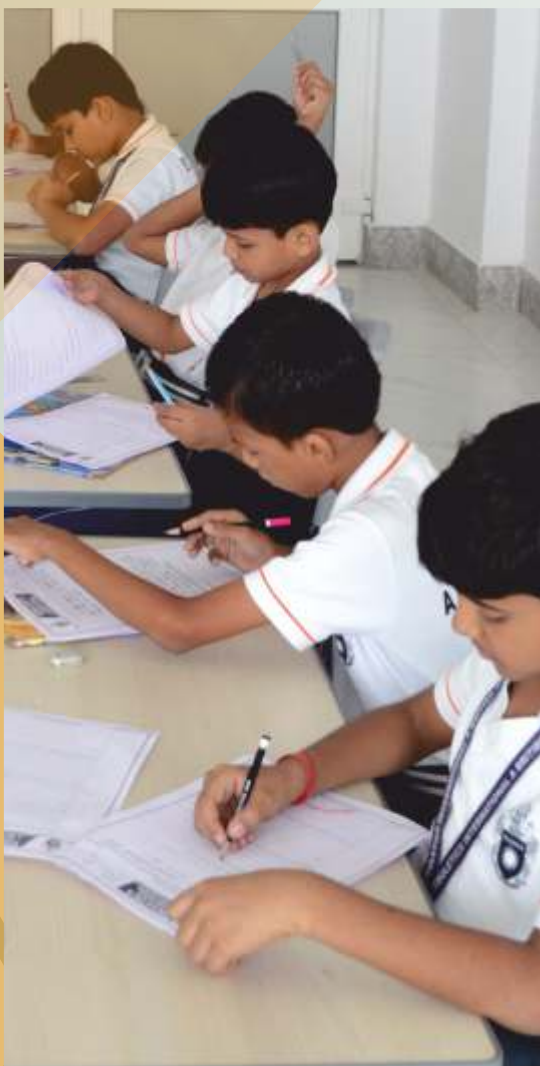

"From their charm to the message clear,
wild animals hold the ecosystem dear."

In a learner's journey, there comes a moment when the familiar walls of daily classrooms subtly transform into examination halls, almost unnoticed. Students, once lost in the joy of exploration and discovery, suddenly find themselves on the brink of examination season, where a wave of anxiety often sets in. With Mid-Term Examinations approaching, students diligently immersed themselves in the academic rituals, ensuring their notebooks and worksheets were thoroughly reviewed and corrected. As the days drew nearer, they revealed a newfound confidence, reflecting the spirit of determined learners ready to conquer the challenges ahead. Their composed demeanor during the exams spoke volumes of their readiness and resilience, as they faced each question with poise and purpose. Here are a few glimpses of their journey captured.

*"With lessons learned and courage high,
they soared above, reaching the sky."*

"From study hours to exam day's call,
their confidence stood firm and tall."
