May 2026

Principal's Desk

Dear Readers
Greetings!

It is with immense pleasure and deep gratitude that we reconnect with you through the second editorial of the academic session. At the outset, we extend our heartfelt appreciation to all our parents for the trust, encouragement and generous support that continue to strengthen the enduring partnership between home and school. Your cooperation remains invaluable in creating an environment where every learner is encouraged to grow with confidence and purpose.

Over the past few months, the morning assemblies have remained an integral part of school life, offering students opportunities to nurture confidence, articulation, discipline and social awareness. Through regular circulars and updates, we have endeavoured to keep you informed about these presentations and activities. It has been truly heartening to witness students gradually emerging as more expressive and self-assured individuals through their active participation.

The month of May was marked by meaningful occasions that beautifully reflected the values we aspire to instil in our learners. During the observance of Labour Day, our students expressed sincere gratitude towards the support staff through thoughtful presentations and cultural expressions that highlighted the dignity of labour. Likewise, the celebration of Mother's Day filled the campus with warmth as students conveyed their love and appreciation through affectionate messages and creative tributes dedicated to their mothers. Such moments continually reaffirm our belief that education must nurture compassion, gratitude and emotional refinement alongside academic excellence.

As the first term approached its culmination, our students displayed commendable dedication while balancing academic responsibilities, examinations and co-curricular engagements with sincerity and discipline. The conclusion of the term was delightfully complemented by the Summer Camp, which transformed the campus into a lively space of creativity, exploration and joyful learning. Away from the structured rhythm of regular classrooms, students immersed themselves wholeheartedly in activities that encouraged imagination, self-expression and camaraderie.

As we conclude, we once again express our sincere appreciation to all parents for your gracious presence during the first PTM of Session 2026–27 and for the faith you continue to repose in the institution. Together, let us continue to nurture our children into individuals of integrity, compassion and excellence, prepared to embrace the future with confidence and wisdom.

With regards

Team EBS

Happy Labour Day

Silent Luminaries

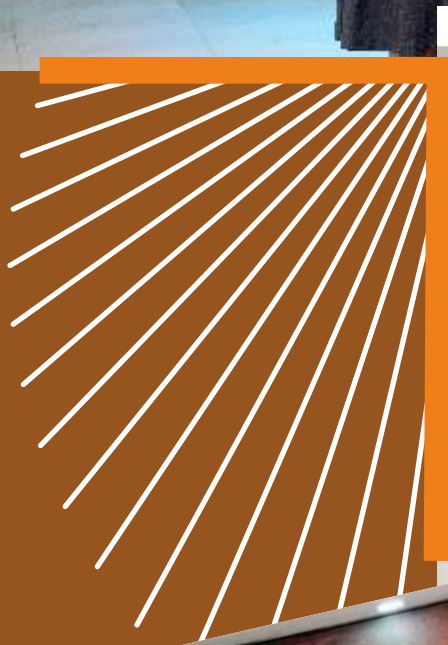

The Directive Principles enshrined within the Constitution profoundly uphold the sanctity and dignity of every individual, reminding society that true greatness lies not in status or privilege but in the respect, gratitude and humanity we extend towards one another. Embodying this spirit with heartfelt sincerity on the occasion of Labour Day, the students of Grade 9 Delta presented a deeply stirring tribute dedicated to the silent pillars whose indefatigable devotion nurtures a clean, secure and harmonious school environment. Through an emotionally resonant enactment imbued with compassion and sensitivity, the students illuminated not only the persevering commitment of these often-overlooked individuals but also the silent struggles and sacrifices woven into their daily lives. The celebration further blossomed into an atmosphere of warmth and togetherness as soulful melodies and graceful dance performances filled the surroundings with an enduring sense of love, unity and gratitude, captivating every heart in attendance. More than a mere commemoration, the programme emerged as a luminous embodiment of harmony and collective coexistence, beautifully reaffirming that every member of the school community, irrespective of their role, contributes indispensably to the noble endeavour of shaping lives and sustaining the essence of humanity.

"Labour is the quiet poetry that sustains the rhythm of humanity."

“The nobility of a society is reflected not in its power, but in the dignity it accords to every worker.”

"Behind every harmonious institution stand countless unseen hands deserving reverence and gratitude."

*Sanctuary
of Love*

*Happy
Mother's
Day!*

- To confine the boundless magnificence of motherhood within the precincts of a solitary occasion called Mother's Day appears profoundly inadequate, for no fleeting date upon the calendar can truly encompass a love so eternal, self-effacing and divinely nurturing. A mother's presence is felt not in isolated celebrations but in the silent sacrifices, tender affections and innumerable acts of devotion that illumine a child's world with warmth, solace and quiet reassurance. In reverence to this sacred bond, the school encouraged its young learners to momentarily drift away from the innocent cadence of their daily routines and dedicate the purest fragments of their hearts to the women who remain their first sanctuary of comfort and unconditional love. What unfolded thereafter was a spectacle of unalloyed innocence as the tiny fingers of the students of Grades K1 and K2 clasped their pencils with touching earnestness, translating emotions too grave for tender voices into delicate cards and endearing expressions imbued with lucent sincerity. Every gentle stroke of colour and every artless gesture seemed to whisper a timeless truth that within the little universe of a child, a mother remains the luminous axis around which affection, belonging and security eternally revolve and beneath the tranquil shade of her love, they discover life's purest refuge of happiness and protection.

*"No language possesses enough tenderness
to fully articulate the grandeur of motherhood."*

"A mother's love is the quiet radiance that softens the harshness of the world before her child ever encounters it."

*"A child first learns
the meaning of
paradise in the
warmth of a
mother's embrace."*

PMT Exam – 2026-27

Scholastic Sojourn

Merit neither yearns for validation nor confines itself to the numerals inscribed upon examination papers, for its truest essence resides in the quiet perseverance, resolute discipline and untiring spirit with which individuals confront the manifold trials placed before them by life. The commencement of the new academic session in April had scarcely settled into rhythm when the advent of May ushered in the Pre Mid Term Examinations, rendering the passage between learning and assessment remarkably swift and exacting. Within the brevity of a single month, the endeavour to accomplish syllabus progression, notebook scrutiny, and academic consolidation appeared as formidable for the educators as the meticulous preparation, completion of assignments and sustained revision proved for the students. Yet, amidst this demanding cadence, the learners exhibited a remarkable composure and scholastic maturity, acquainting themselves once again with the rigours of the institution's academic ethos and transforming pressure into perseverance with admirable grace. Their tacit resilience, coupled with an almost ineffable faith in their own capabilities, enabled them to surmount every challenge with diligence and poise, preparing themselves firmly for yet another significant scholastic transition. What emerged thereafter were not merely moments preceding an examination, but luminous glimpses of determination, endurance, and youthful fortitude dawning in their most inspiring form.

*"Examinations do not merely assess intellect;
they reveal the perseverance silently nurtured within the human spirit."*

*"True merit is born
not from perfection,
but from the courage to
continue despite weariness
and uncertainty."*

"Behind every completed page lies a story of unseen effort, silent sacrifice, and unwavering determination."

Summer Campscape!

There was once a time when schools were perceived merely as centres of academic instruction. However, those conventional notions have gracefully faded with the changing times. Today, schools have evolved into vibrant spaces where learning intertwines beautifully with recreation, creativity and joyful experiences. We are delighted to share that during the Summer Camp conducted from 15th to 17th May 2026, our students discovered a world of excitement far beyond the four walls of their classrooms. Every single day unfolded like a celebration, as thoughtfully curated activities for each grade stimulated young minds and filled the campus with infectious enthusiasm despite the sweltering summer heat. In those unforgettable moments, we realised that not even the harshness of the weather could diminish the spirit of childhood or restrain the boundless energy of our children.

Irrespective of age, every child participated with remarkable zeal, transforming the entire event into a truly rewarding and heartwarming experience. From the refreshing delight of splashing in the swimming pool to the mesmerising spectacle of a magician weaving wonders before astonished eyes, each activity contributed to what became a memorable summer extravaganza at EBS. The celebration reached its crescendo during EBS Got Talent, when gifted performers from various grades illuminated the stage with their artistry and hidden talents, leaving the auditorium resonating with thunderous applause and jubilant cheers. Above all, we feel profoundly grateful to have parents like you whose immeasurable affection, encouragement and constant support continue to shower our children with endless confidence and happiness.

*"When talent meets confidence,
the stage transforms into pure magic."*

*"From graceful footsteps to melodious voices,
every performance echoed the brilliance within our children."*

"The spotlight did not create stars; it merely revealed them."

"Every child carried an art, and every applause celebrated a dream unfolding."

"Tiny hands painted colours, but young hearts created masterpieces."

*"For a few enchanted moments,
wonder danced freely in the eyes of every child."*

*"The magician performed tricks,
but the real magic was the joy on the children's faces."*

"Every stroke of creativity reflected imagination without limits."

"Amid splashes of water and bursts of laughter, summer found its happiest rhythm."

*"As the camp curtains closed,
these radiant faces captured a story, words could never fully tell."*

*"One photograph, countless memories,
and a summer camp etched forever in our hearts."*

"A single frame preserved the laughter, friendships and unforgettable spirit of summer."

"Smiles gathered together today become the nostalgia we cherish tomorrow."

Pre Mid Term **PTM** *Conversations that Matter*

The Parent-Teacher Meeting conducted for the Pre-Midterm Examination served as a meaningful platform for reflection and constructive dialogue. Parents marked their attendance with great sincerity, engaging thoughtfully in discussions regarding their wards' academic performance, learning habits and overall progress. The interactions reflected a shared commitment towards understanding each child's strengths and areas that require greater attention, creating an atmosphere of cooperation and purposeful exchange.

The PTM witnessed an encouraging response from parents, whose appreciation and valuable feedback reaffirmed the strong partnership between home and school. The meeting concluded on a positive note, with a collective resolve to further strengthen every learner's academic journey in the forthcoming Midterm and subsequent terms. With renewed dedication, the school remains committed to providing consistent guidance, meaningful support and enriching learning experiences for all students.

*"When parents
and teachers walk together,
every child finds a clearer
path towards excellence."*

'A meaningful dialogue between home and school becomes the foundation upon which confident learners are built.'

"The true success of a PTM lies in the shared commitment to nurture potential with understanding, encouragement and purpose."
