SEPTEMBER 2026

From the Principal's Desk

Dear Readers,

We are drawn, almost by instinct, to the light. We celebrate the triumphs, the stage under the arc lamps, the applause that fills an auditorium, and the milestones that demand to be witnessed. Yet behind every luminous moment rests something that rarely commands the same regard: the shadow.

The shadow is not an absence of radiance; it is the quiet, irrefutable proof that light exists. Within the life of a school, nearly everything of enduring consequence unfolds far from the glare of the spotlight. It breathes in the solitary preparation of an educator before dawn, the gentle patience that stays an anxious hand, the concept explained for the fourth time without exasperation, and the quiet reassurances exchanged between parent and mentor. These are the silent, faithful currents of daily effort that will never grace a podium, frame a photograph, or make a headline.

Perhaps, then, true wisdom lies in learning to praise the shadow.

The cadence of this past month has offered a poignant reminder of this quiet grace.

On Teachers' Day, our tribute went beyond the curriculum taught to honour the invisible gravity an educator exerts on young minds. A teacher's finest legacy is rarely a formula committed to memory; it is a discipline quietly forged, a fractured confidence delicately restored, an unorthodox curiosity protected, and a horizon revealed where a child previously saw only a wall.

Our celebration of Janmashtami deepened this contemplative spirit. Through the timeless canvas of Sri Krishna's life, our students encountered enduring archetypes of detached action, duty without grievance, and that rare poise which remains unruffled amidst chaos. A school tradition achieves its purpose only when pageantry yields to introspection—when tradition transforms into an inner compass.

During Sanskrit and Hindi Week, we were reminded that language is never an inert tool of utility; it is the living vessel of civilisational memory, nuance, and thought. Sanskrit grounds our learners in an ancient, rigorous architecture of intellect, whilst Hindi serves as the vibrant pulse of contemporary introspection and creative vitality. To introduce a child to the cadence of these languages is to give them far more than vocabulary; it is to grant them distinct prisms through which to understand reality.

Finally, our Parent–Teacher Meetings reaffirmed the quiet partnership that upholds every child's journey. At home and at school, a child is observed from different vantage points, through different lenses of hope. It is only when these two visions converge—anchored in mutual humility, candour, and trust—that the complete child comes into view. Education is never a transaction negotiated at a desk; it is an enduring covenant dedicated to a child's unfolding potential.

As we journey forward into the term, let our gaze cultivate a deeper fidelity to what lies beneath the surface.Let us honour the achievement, but revere the quiet labour that bore it. Let us applaud the performance, but honour the solitude of its rehearsal. Let us rejoice in the light, but never forget the silent, steadfast shadow.

For in the quiet architecture of human growth, it is almost always what remains unseen that makes everything visible possible.

Sincerely,

A. Awasthi

EDITORS SPEAK

Dear Readers,

The month of September arrived with an inspiring symphony of festivity, academic perseverance, and collective growth. Our corridors brimmed with warmth as little learners embodied divine devotion during vibrant Janmashtami celebrations, and students voiced heartfelt gratitude for our mentors on Teacher's Day. Across classrooms, thoughtful theme-based special assemblies and the badging of our prefects further reinforced the values of unity, discipline, and responsible student leadership.

Linguistic pride and cultural heritage resonated powerfully this month. The week-long Hindi Diwas observances inspired rich oratory and creative prose across all grades, matched seamlessly by the timeless beauty and dramatic staging of Sanskrit Diwas. Simultaneously, innovation transformed daily school life with the inauguration of our cashless Monginis counter on Eduletics.

Academically, September stood as a testament to resilience and constructive evaluation. While students demonstrated intellectual rigor in the SOF Olympiad examinations, the post-exam Parent-Teacher Meeting nurtured meaningful dialogue between home and school. Upholding our belief that every child blossoms at their own pace, targeted remedial classes and retests ensured that developing learners rebuilt mastery and renewed self-assurance in mathematics.

May this edition reflect the balanced spirit of celebration, diligence, and empathy that underpins our community. We invite you to turn these pages and celebrate the remarkable strides of an eventful September.

Yours truly,
The Editorial Team

A Janmashtami Celebrations

Little Hearts, Divine Blessings

Janmashtami was celebrated in full spirit at Open Minds – A Birla School, filling the campus with devotion, joy and the enchanting spirit of Lord Krishna. The festival commemorates the divine birth of Lord Krishna at midnight and is celebrated with immense faith, enthusiasm and happiness.

"You have a right to perform your prescribed duties, but you are not entitled to the fruits of your actions." – *Lord Krishna, Bhagavad Gita*

The celebrations became even more delightful as the adorable Grade K2 little ones transformed into Shri Radha and Shri Krishna, dressed beautifully in traditional attire. Their innocent smiles, colourful costumes and charming expressions instantly added a magical sparkle to the festive ambience.

Guided by their teachers, the little Radhas and Krishnas joyfully walked through the school campus, chanting "Radhe Radhe!" Their innocent voices echoed through the corridors, spreading warmth and happiness and drawing delighted smiles from everyone around them.

"Whenever there is a decline in righteousness... I manifest Myself." – *Lord Krishna, Bhagavad Gita*

"The mind alone is the friend of the self, and the mind alone is the enemy of the self." – *Lord Krishna, Bhagavad Gita*

"One who sees Me everywhere and sees everything in Me, to him I am never lost, nor is he ever lost to Me." – *Lord Krishna, Bhagavad Gita*

The sight of the tiny Radhas and Krishnas, brimming with innocence and enthusiasm, made the celebration truly heart-warming and memorable. Their cheerful presence beautifully captured the essence of Janmashtami-faith, love, togetherness and pure joy.

After all, sometimes the simplest moments bring the biggest smiles. In the innocence of little hearts lies the true beauty of every celebration!

"Abandon all varieties of duties and simply surrender unto Me. I shall deliver you from all sinful reactions; do not fear." – *Lord Krishna, Bhagavad Gita*

Celebrating Our Guiding Lights

TEACHERS DAY

Teachers' Day Celebration

Some of the most beautiful memories of school are created not only through lessons, but through a teacher's smile, a word of encouragement, and the gentle reassurance that says, "You can do it!" Teachers are the guiding lights who patiently nurture young minds, celebrate every little achievement, and quietly leave a lasting imprint on countless lives.

On 5 September, our school celebrated Teachers' Day to commemorate the birth anniversary of the eminent teacher, philosopher, and former Vice-President of India, Dr. Sarvepalli Radhakrishnan. The occasion was a heartfelt celebration of the special bond between teachers and their learners.

"Teachers don't just teach – they shape the thinking, choices and futures of tomorrow."

The celebrations came alive with a delightful dance performance, soulful song, and an engaging skit presented by the students. Through graceful movements, melodious voices, and meaningful performances, the learners expressed their love and gratitude for their teachers. Their enthusiasm and heartfelt expressions filled the atmosphere with warmth and brought smiles to the faces of their beloved educators.

The classrooms, too, echoed with little gestures of affection. Learners presented their teachers with handwritten notes, colourful cards, and thoughtful tokens of appreciation. Every message, however simple, carried a beautiful sentiment of gratitude for the teachers who listen, guide, encourage, and believe in them.

And perhaps, that was the most beautiful part of the celebration—the proud smiles of teachers, the excitement in the eyes of the learners, and those little moments of affection that words can hardly capture.

Teachers' Day was truly a celebration of gratitude, love, and the beautiful bond that makes the journey of learning so special. It was a heartfelt reminder that behind every confident learner is a teacher who believed in them, inspired them, and helped them discover their wings.

"Teaching is the greatest act of optimism." – *Colleen Wilcox*

"The true teachers are those who help us think for ourselves." – *Dr. Sarvepalli Radhakrishnan*

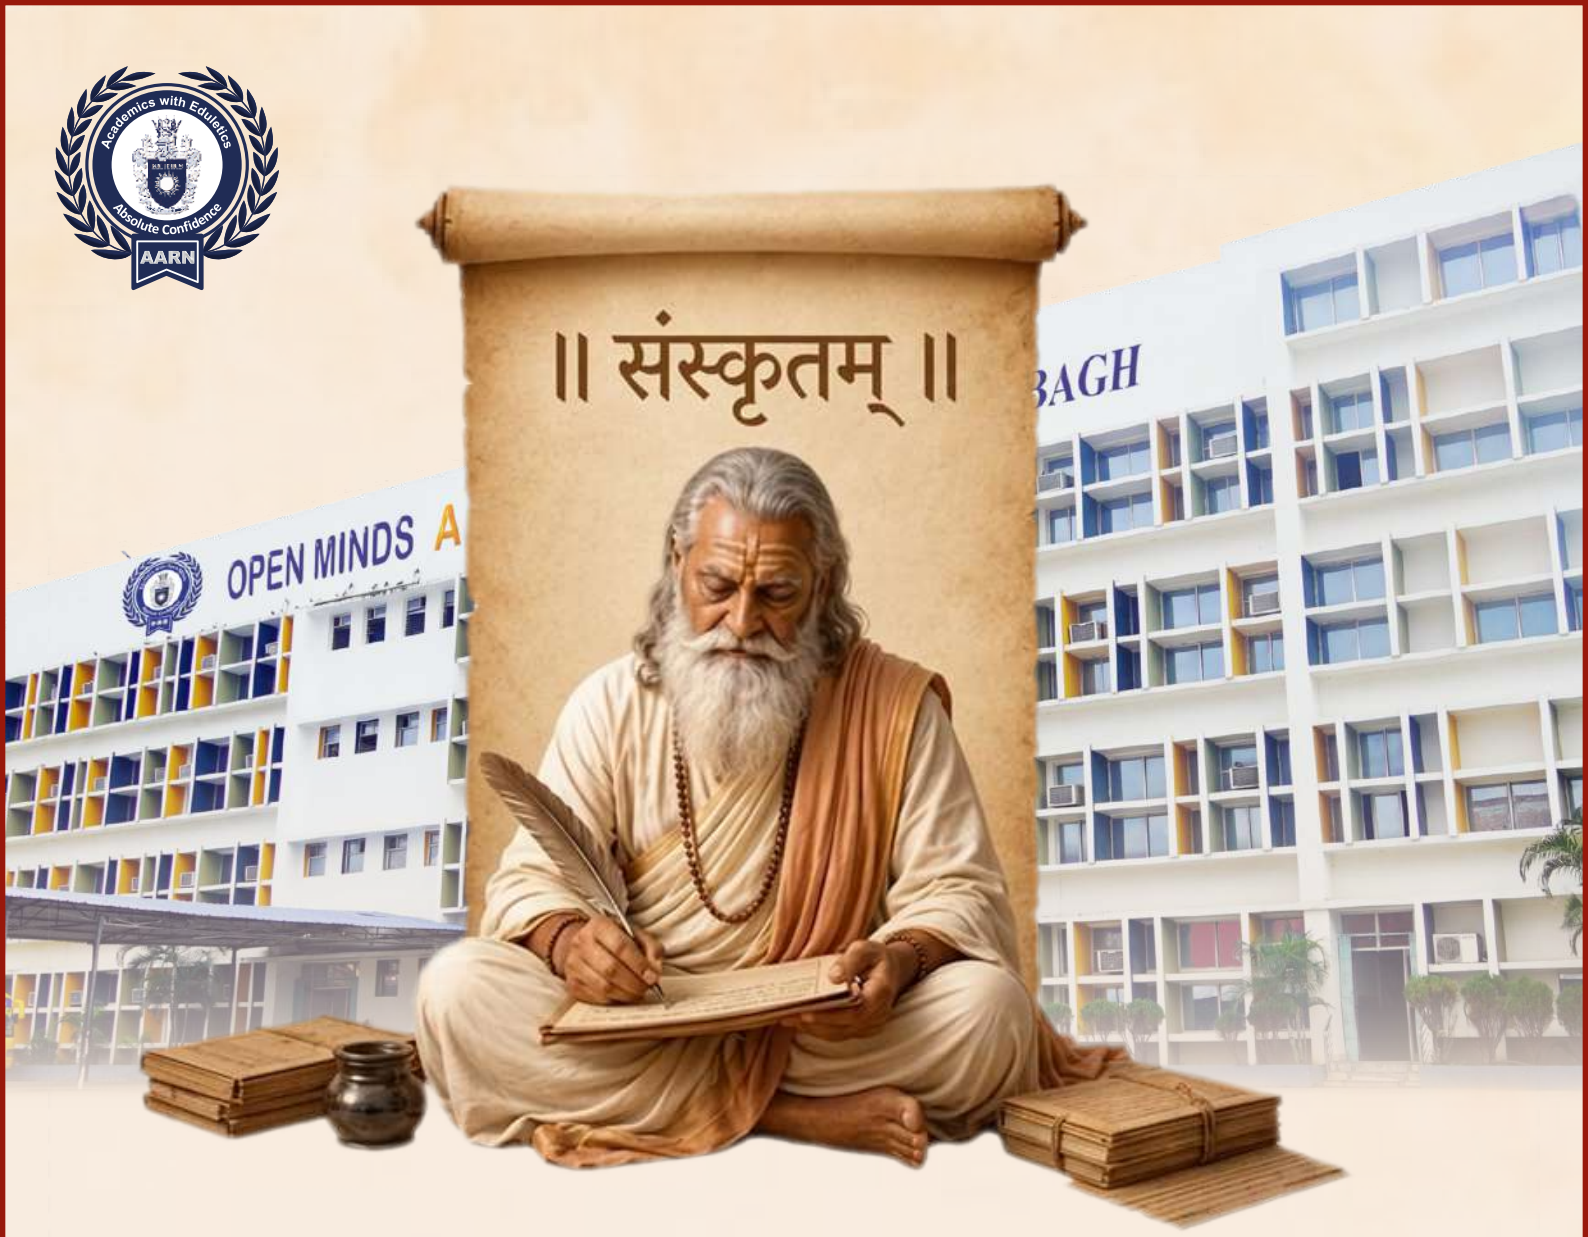

"The dream begins, most of the time, with a teacher who believes in you." – *Dan Rather*

संस्कृत-सप्ताह-समारोहः

"सत्यमेव जयते" – "Truth alone triumphs." – *Mundaka Upanishad*

BADGING CEREMONY

INSPIRING LEADERSHIP EMBRACING RESPONSIBILITY

Leadership is not merely about holding a position; it is about leading by example, serving with sincerity, and inspiring others through one's actions. With this spirit, the school organised the Badging Ceremony to formally welcome the newly appointed Prefects into their roles of leadership and responsibility. More than simply receiving a badge, the ceremony symbolised the beginning of their transformation into role models who inspire others through their actions, commitment, and sense of service.

Held on 9 September 2026, the ceremony celebrated the young leaders as they stepped forward to embrace their new roles. The prefects have been entrusted with the responsibility of upholding the values and ethos of the school, promoting discipline, and encouraging their peers to strive for excellence.

"Leadership and learning are indispensable to each other." – *John F. Kennedy*

They will also serve as a vital bridge between the student community and the Student Council, ensuring that students' voices, concerns, and ideas are communicated effectively. As the badges were proudly pinned onto their uniforms, they became more than just symbols of position; they represented responsibility, integrity, service, and leadership.

The ceremony served as a reminder that true leadership is not about authority, but about setting an example, supporting others, and making a positive difference in the school community. With confidence in their hearts and responsibility on their shoulders, the newly badged prefects stepped forward to embrace their roles and inspire those around them.

A leader does not rise by standing above others, but by helping others rise.

"The task of leadership is not to put greatness into people, but to elicit it." – *John Buchan*

"A leader is one who knows the way, goes the way, and shows the way." – *John C. Maxwell*

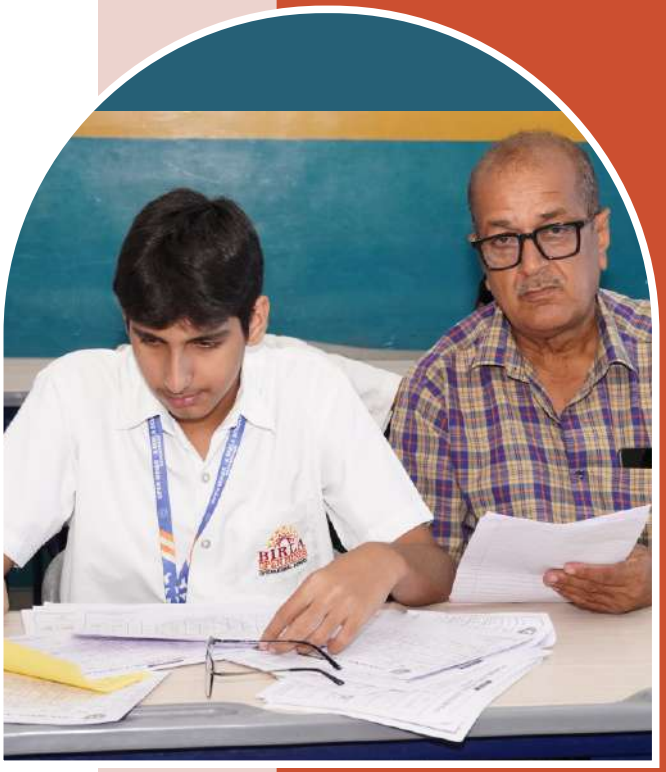

Bridging Aspirations: Parent-Teacher Meeting for Mid-Term Examinations

Every child's journey towards growth is enriched when school and home move together with a shared vision. Keeping this spirit of collaboration at the heart of education, the Mid-Term Parent-Teacher Meeting brought educators and parents together for meaningful conversations on students' progress, achievements and areas for further growth. The interaction offered a valuable space to celebrate efforts, exchange insights and strengthen the partnership that nurtures every learner's journey.

With answer scripts, diagnostic feedback, and detailed performance reports, teachers engaged in one-on-one dialogues with parents to discuss academic progress, classroom engagement and conceptual clarity. Rather than focusing merely on marks, the discussions placed strong emphasis on actionable growth—highlighting students' strengths, addressing learning gaps identified during practice tests and vivas, and formulating targeted revision strategies for the upcoming term.

"Children are likely to live up to what you believe of them." – *Lady Bird Johnson*

Adding a vibrant dimension to the occasion, OMK Connects provided students an opportunity to engage with the parents through an interactive interview session. Students posed a variety of thoughtful and engaging questions, encouraging parents to actively participate, share their perspectives, and become a part of their children's learning journey. This student-led interaction beautifully strengthened the bond between home and school, making the PTM a truly collaborative and memorable experience.

The Mid-Term PTM concluded on an empowering note, with students motivated to translate the guidance into improved academic performance.

When school and home walk hand in hand, every conversation becomes a stepping stone towards a child's growth and success.

"The child is both a hope and a promise for mankind." – *Maria Montessori*

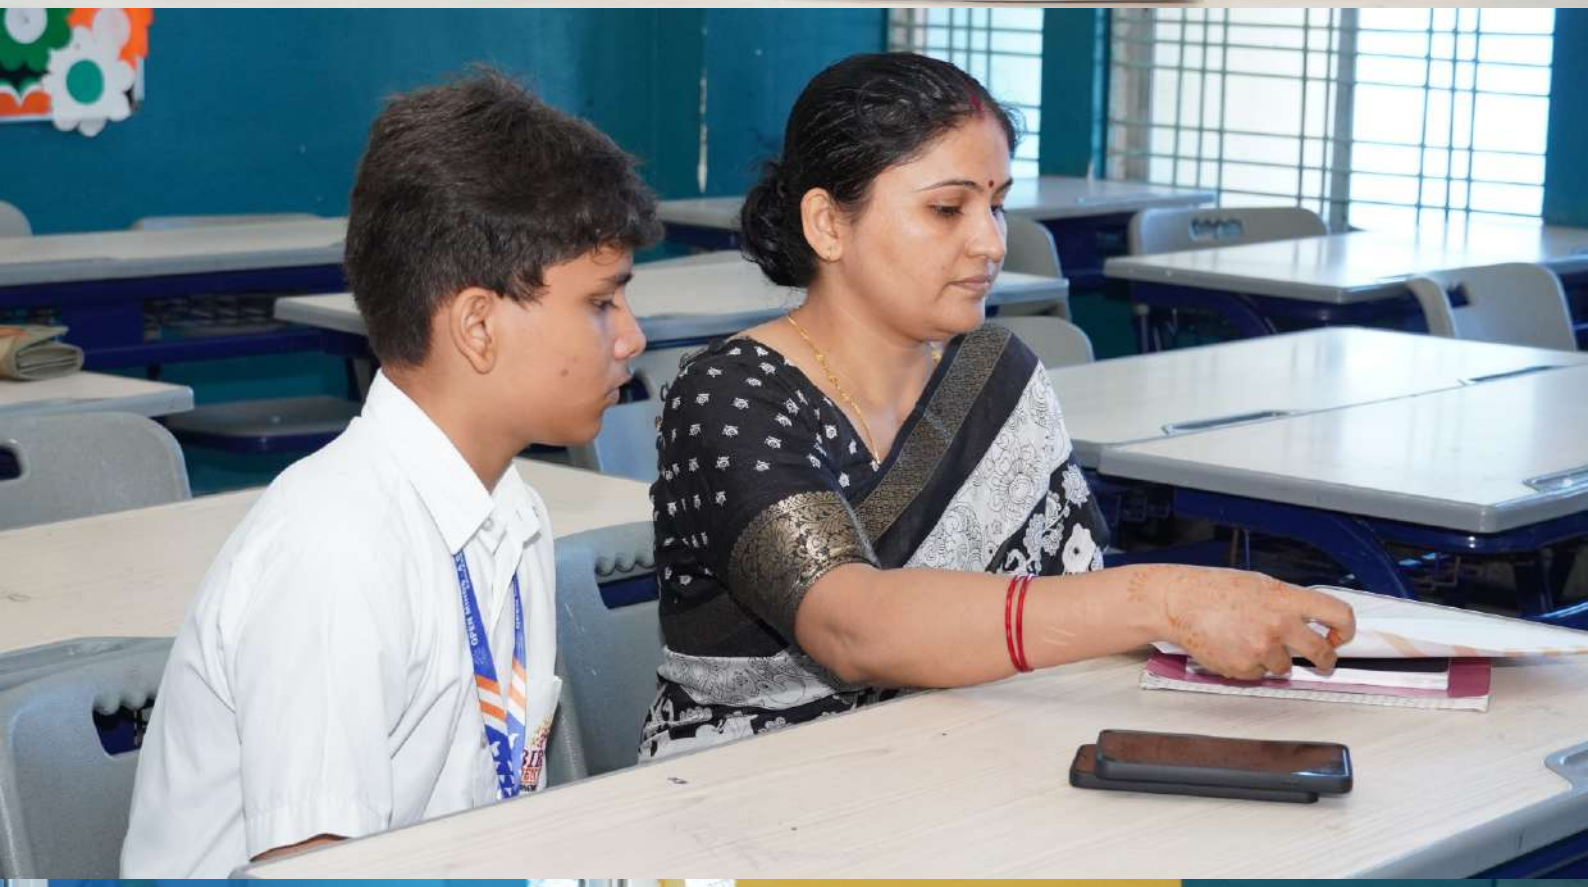

"Coming together is a beginning; keeping together is progress;
working thogether is success." – *Henry Ford*

"Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents." – *Robert John Meehan*

Primary wing

Parent-Teacher Meeting

"The way we talk to our children becomes their inner voice." – *Peggy O'Mara*

"Parents are the ultimate role models for children. Every word, every movement and action affects." – *Bob Keeshan*

"A child seldom needs a good talking to as a good listening to." – *Robert Brault*

राष्ट्र की अस्मिता और हमारी राजभाषा—हिन्दी

हिंदी दिवस

किसी भी राष्ट्र की पहचान उसकी भौगोलिक सीमाओं से नहीं, बल्कि उसकी भाषा, संस्कृति और संस्कारों से होती है। हिन्दी केवल विचारों के आदान–प्रदान का माध्यम भर नहीं है, बल्कि यह हमारी साझा सांस्कृतिक विरासत, संवेदनाओं और राष्ट्रीय एकता का सबसे सशक्त प्रतीक है। आज जब दुनिया सिमटकर एक वैश्विक मंच बन चुकी है और आधुनिक तकनीक ने जीवन के हर क्षेत्र में अपनी पैठ बना ली है, तब भी हिन्दी का गौरव और इसकी प्रासंगिकता कम नहीं हुई है। डिजिटल पटल पर इसके बढ़ते कदम इस बात के स्पष्ट प्रमाण हैं कि यह भाषा आधुनिकता के साथ कदमताल में पूरी तरह सक्षम है।

इसी वैचारिक पृष्ठभूमि में, हाल ही में ओपन माइण्ड्स- अ बिरला स्कूल में आयोजित 'हिन्दी सप्ताह' (14 से 21 सितंबर) जैसे आयोजन महज औपचारिकता नहीं, बल्कि एक बेहद सार्थक सांस्कृतिक अनुष्ठान हैं। इन आयोजनों का मूल उद्देश्य नई पीढ़ी के मानस में मातृभाषा के प्रति सहज अनुराग जगाना और उनकी अभिव्यक्ति की क्षमता को माँजना रहा है।
प्रतियोगिताओं के इस क्रम में बच्चों की भागीदारी ने यह सिद्ध कर दिया कि सही दिशा और मंच मिलने पर वे अपनी भाषा के कितने करीब आ सकते हैं:

“निज भाषा उन्नति अहै, सब उन्नति को मूल।” — भारतेंदु हरिश्चंद्र

- नन्हे विद्यार्थियों (पूर्व-प्राथमिक से कक्षा 2) द्वारा प्रस्तुत सस्वर काव्य पाठ ने यह बता दिया कि कोमल मन पर संस्कारों और शब्दों के बीज कितनी सहजता से बोए जा सकते हैं।
- कक्षा 3 से 8 के छात्रों द्वारा किए गए कहानी वाचन, कविता गायन और समाचार पठन ने न केवल उनकी मंचीय प्रस्तुति को निखारा, बल्कि उनमें समसामयिक और नैतिक मूल्यों की समझ को भी गहरा किया।
- कक्षा 9 के विद्यार्थियों द्वारा लघुकथा लेखन में दिखाई गई मौलिकता यह दर्शाती है कि युवा पीढ़ी में कल्पनाशीलता और रचनात्मकता की असीम ऊर्जा विद्यमान है।

विडंबना यह है कि वैश्वीकरण और अंधानुकरण की इस अंधी दौड़ में अक्सर हम अपनी जड़ों से दूर होने लगते हैं। ऐसे में, हिन्दी दिवस और इस तरह के साप्ताहिक आयोजन हमें एक आवश्यक आत्ममंथन का अवसर देते हैं। यह हमें बार-बार यह स्मरण कराते हैं कि हिन्दी केवल परीक्षा का एक विषय नहीं, बल्कि हमारी अंतरात्मा की भाषा है। इसे सहेजना, सँवारना और गौरव के साथ आने वाली पीढ़ियों को सौंपना किसी एक व्यक्ति या संस्था का नहीं, बल्कि हम सबका सामूहिक राष्ट्रीय दायित्व है।

"हिन्दी हमारी राष्ट्रीय एकता की अभिव्यक्ति का माध्यम है।" — डॉ० राजेंद्र प्रसाद

"हिन्दी भारत की एकता की भाषा है।" — डॉ० राजेंद्र प्रसाद

"हिन्दी केवल एक भाषा नहीं, बल्कि हमारी संस्कृति की पहचान है।" — डॉ० सर्वपल्ली राधाकृष्णन

Special Assemblies

Celebrating Language, Culture And Ideas

September has been a month of meaningful special assemblies, bringing together language, culture and thoughtful reflections

The celebrations began with the Sanskrit Week Special Assembly on 8 September, when the morning prayer was conducted in Sanskrit with the enthusiastic participation of all the students. The experience offered a beautiful glimpse into the richness and timelessness of संस्कृत and encouraged students to appreciate India's linguistic heritage.

"The beginning is the most important part of the work." – *Plato*

The second special assembly, held on Hindi Diwas on 14 September and conducted by the teachers, centred around the thought "शब्दों से ले कर दुनिया तक, भाषाएँ सभ्यताओं को आकार देती हैं।" Through meaningful presentations and reflections, the assembly highlighted how languages preserve culture, connect generations and shape the way we express our thoughts and understand the world.

The third special assembly, held on 21 September by 7 Delta, focused on the importance of punctuation through a Hindi skit based on the theme "हम सब एक है". The presentation highlighted the significance of 'विराम चिह्न' and showed how punctuation marks bring clarity, meaning and expression to language. Through an engaging performance, students demonstrated how even a small punctuation mark can change the meaning of a sentence and emphasized the importance of using punctuation correctly.

"Education is not preparation for life; education is life itself." – *John Dewey*

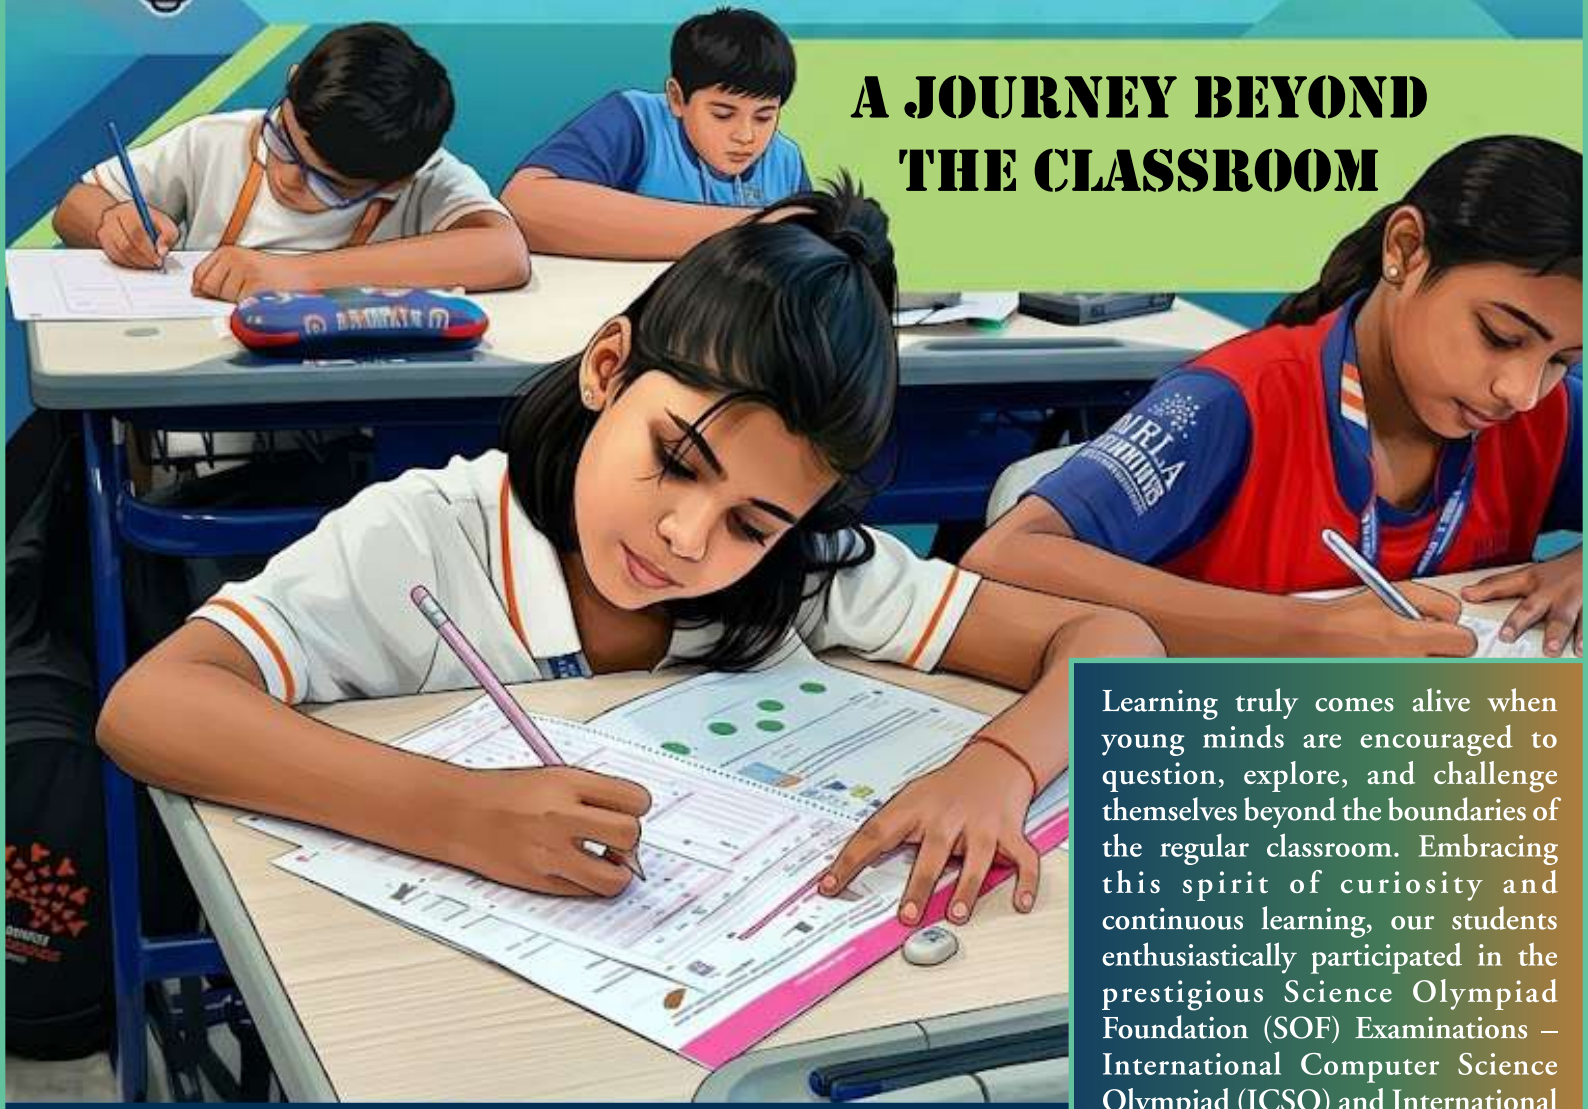

"Believe you can and you're halfway there." – *Theodore Roosevelt*

SOF EXAMS

IGNITING YOUNG MINDS

A JOURNEY BEYOND THE CLASSROOM

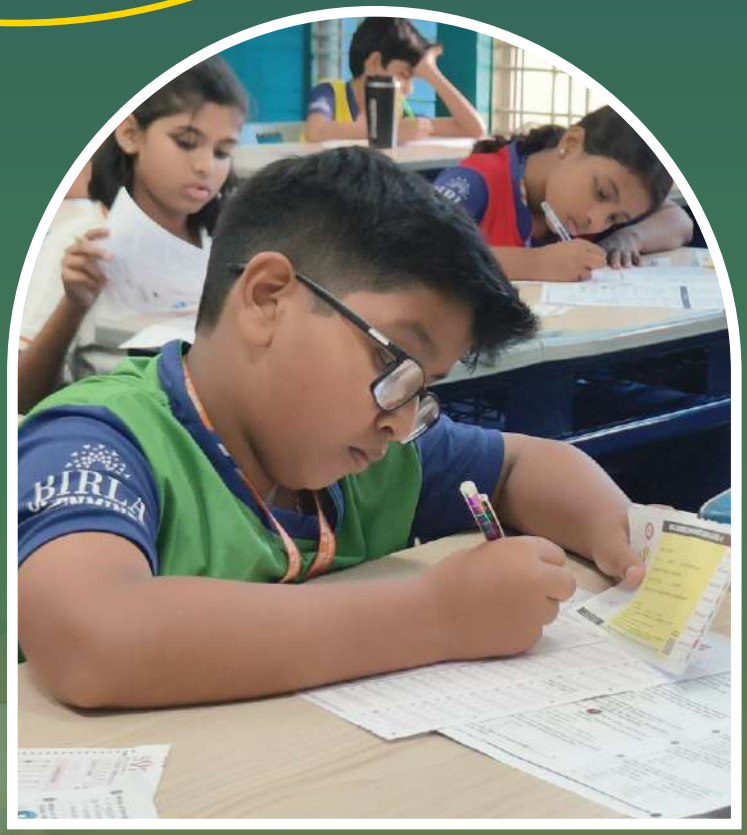

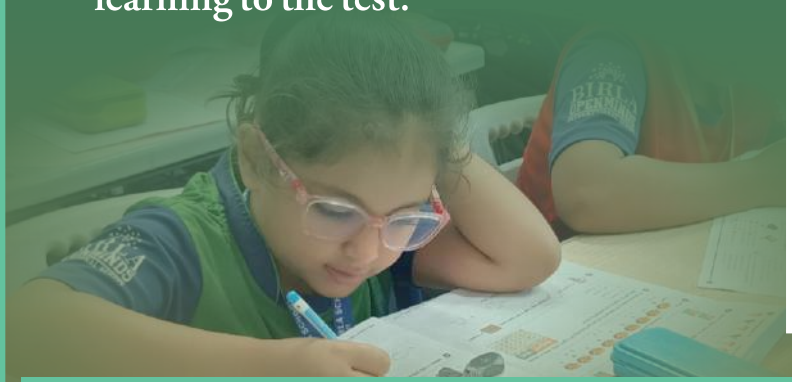

Learning truly comes alive when young minds are encouraged to question, explore, and challenge themselves beyond the boundaries of the regular classroom. Embracing this spirit of curiosity and continuous learning, our students enthusiastically participated in the prestigious Science Olympiad Foundation (SOF) Examinations – International Computer Science Olympiad (ICSO) and International English Olympiad (IEO), held on 24th and 30th September.

"The beautiful thing about learning is that nobody can take it away from you." – *B.B. King*

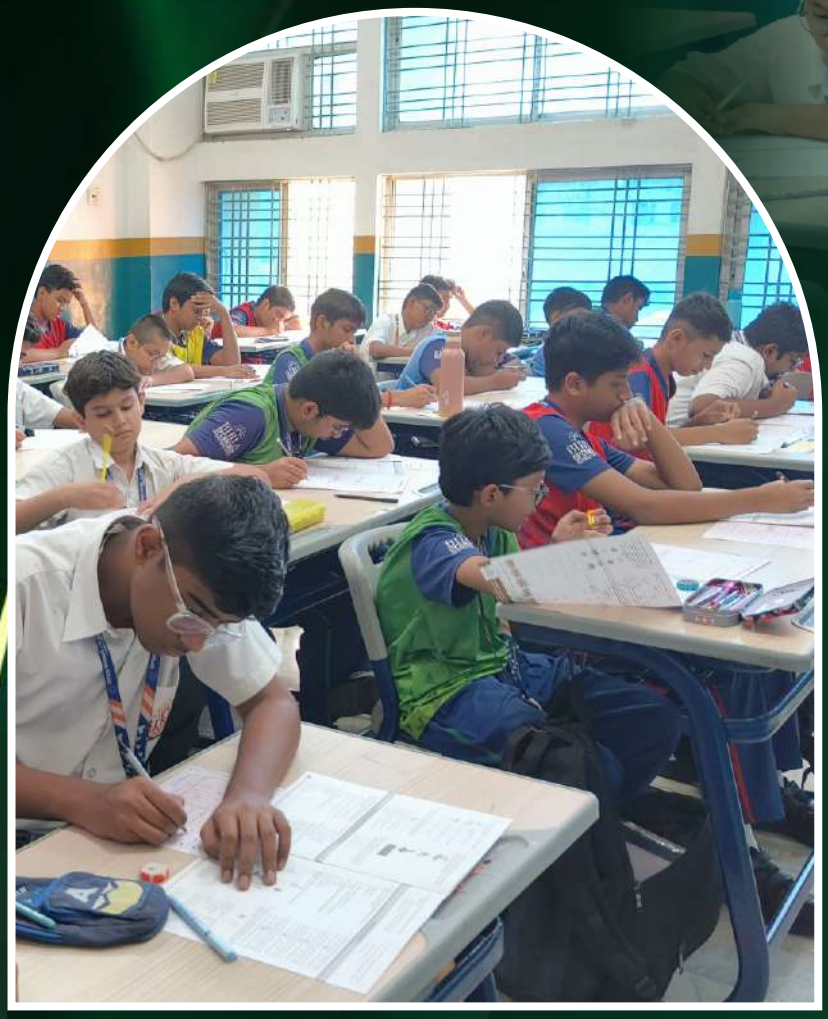

With pencils poised and minds focused, students confidently took on the examinations conducted through OMR sheets. The atmosphere reflected their sincere preparation—moments of quiet concentration interspersed with the excitement of putting their learning to the test.

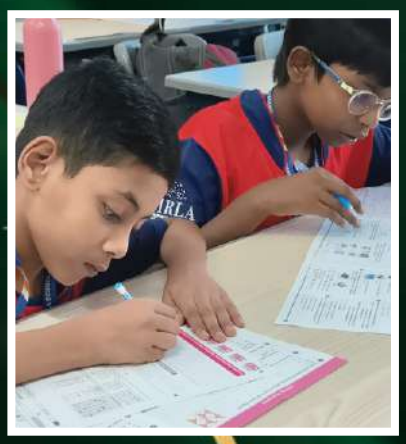

"I am still learning." – *Michelangelo*

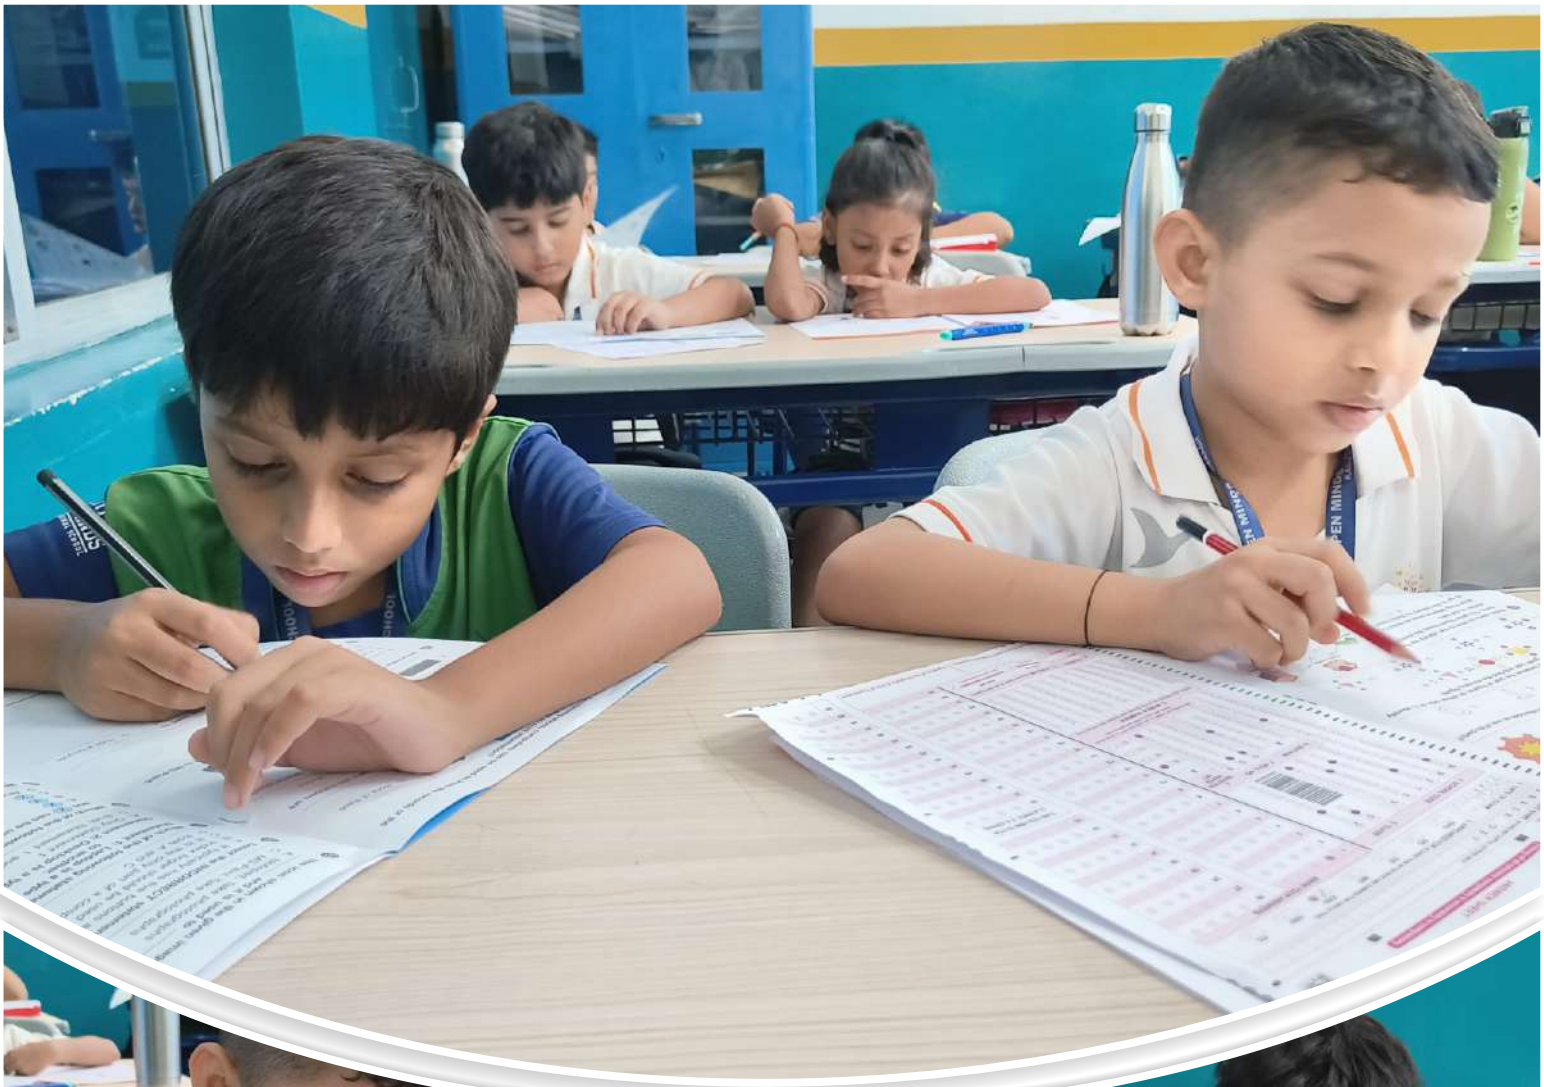

The Olympiads offered much more than an examination. They provided learners with a valuable opportunity to think beyond textbooks, apply their knowledge in unfamiliar situations, explore diverse question patterns, and strengthen their reasoning and problem-solving skills. The experience encouraged students to approach challenges with curiosity, perseverance, and confidence.

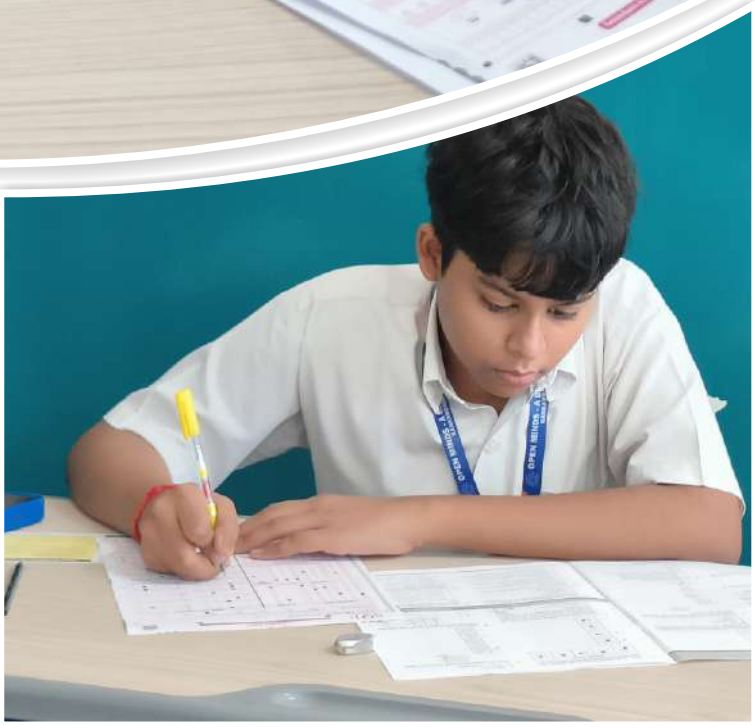

The preparation journey was equally enriching. Through revision, practice, and exposure to challenging questions, students deepened their understanding, sharpened their skills, and developed greater confidence in tackling new situations.

The SOF Olympiads thus became a meaningful celebration of curiosity, competence, perseverance, and continuous growth, inspiring our young learners to see every challenge not merely as a test, but as an opportunity to learn, discover, and grow.

"The expert in anything was once a beginner." – *Helen Hayes*

"Success is no accident. It is hard work, perseverance, learning, studying, sacrifice..." – *Pelé*

Grand Opening

A Sweet New Chapter: MONGINIS Comes to Campus

School life just received a delectable upgrade with the grand opening of our brand-new Monginis canteen on campus. On 4th September, on the auspicious occasion of Janmashtami, the newly unveiled space added a special sweetness to the celebrations. Filled with the irresistible aroma of freshly baked savouries, decadent pastries and wholesome snacks, the newly unveiled space has quickly transformed into the ultimate hotspot for students during break times.

Beyond the mouth-watering menu, what truly sets this inauguration apart is the introduction of a seamless, cashless dining experience. Taking a major step forward in smart campus living, students can make purchases using their ID cards integrated with the Eduletics app.

"Food is our common ground, a universal experience." – *James Beard*

With a simple scan at the counter, transactions are completed instantly through their linked online wallets—eliminating the hassle of carrying loose cash, reducing waiting time in queues, and giving parents greater visibility into their children's daily spending.

The inauguration witnessed a buzz of excitement as learners lined up to experience the futuristic payment system while indulging in their favourite treats. Blending convenience, hygiene, and delightful confectionery, the new Monginis outlet stands as a prime example of how modern technology and school spirit can come together to make campus life both progressive and sweet.

With every scan and every bite, the new Monginis corner is making school days a little smarter, sweeter, and certainly more delightful!

"There is no love sincerer than the love of food." – *George Bernard Shaw*

"One cannot think well, love well, sleep well, if one has not dined well." – *Virginia Woolf*

A Journey of Discovery

Pre-Primary School Tour

Learning becomes truly meaningful when young minds are given opportunities to explore the world beyond their classrooms. With this spirit, our Pre-Primary students embarked on an exciting School Tour, discovering some of the key learning spaces across the campus.

The little explorers visited the Library, where they were introduced to the wonderful world of books and stories. Their curiosity grew further as they stepped into the ICT Lab, observing how technology supports learning and creativity. The tour continued through the Physics, Chemistry, and Biology Laboratories, where the students enthusiastically observed scientific equipment, models, and learning materials. Though these spaces belonged to higher grades, the experience sparked a sense of wonder and introduced them to the fascinating world of science.

"Every door a child enters with curiosity becomes a doorway to knowledge."

The tour was filled with excitement, questions, and joyful observations. It not only helped the children become familiar with different areas of the school but also encouraged curiosity, confidence, and experiential learning. For our young learners, every new room became a doorway to discovery, making the school tour a memorable step in their journey of learning.

"A young mind does not merely visit a place; it gathers wonder from everything it sees."

"Learning begins long before understanding—often with a question, a glance, and a moment of awe."

Exceptional Performer
of the Month

We are delighted to announce the Exceptional Performers of the Month for their exemplary performance and unwavering commitment to quality education.

Awardee:

Shaifali Dhakrey

For being prompt and responsible in carrying out the assigned duties and responsibilities.

Awardee:

Daniel D Joseph

For making extra efforts to improve students' handwriting and providing special attention and support to enhance their academic performance.

Academics with Eduletics
